### Virtual care, anywhere. 24/7 access to Board Certified Doctors, Therapists and Dermatologists.

MDLIVE is an alternative to traditional health care. Board certified doctors can visit with you either by phone or secure video to help treat any non-emergency medical conditions such as a fever or pink eye. Licensed behavioral health therapists offer online video therapy sessions, on your schedule from wherever you're located.

### How it Works

1. Activate your account. Sign up online at [MDLIVE.com/PreferredOne](https://MDLIVE.com/PreferredOne).
2. Choose a doctor. Select from a large network of board-certified doctors.
3. Receive care when you need it.
