INDIVIDUAL HMO SILVER 1200 CSR 87 WITH 3 FREE PCP VISITS CONTRACT

This is *your contract* while *you* are covered. It explains *your* rights and benefits under this *contract*. This *contract* is a legal contract between *you* and *us*. All coverage under this *contract* begins at 12:01 AM Central Time.

This *contract* along with any amendments and *your* application constitutes the entire agreement under which payments are made. We will pay the benefits set forth in this *contract*. Benefit payment is governed by all the terms, conditions, and limitations of this *contract*. This *contract* may be amended at any time without *your* consent. Notice will be provided at least 30 calendar days in advance of any amendment taking effect. Any such amendment will not affect a claim starting before the amendment takes effect. This *contract* has been issued and delivered to *you* in Wisconsin. Except as otherwise stated in this *contract*, this *contract* will be governed by federal law and the laws of Wisconsin.

This *contract* was issued on the basis that the information on *your* application was correct and complete. If any of this information provided was not correct, write to *us* within ten calendar days of receipt of this *contract*. An error or omission on *your* application or in *your* enrollment process, as applicable, may cause *us* to ask *you* to pay an increased *premium*. If *you* misstate *your* age or make other unintentional errors, *we* will refund overpayments or collect the balance due based on *your* correct age. We can rescind *your* coverage for intentional misrepresentation of a material fact or fraud. After *your* coverage under this *contract* is validly in effect, its validity cannot be contested unless *you* (or anyone seeking coverage on *your* or *your dependent's* behalf, including a personal representative) performed an act, practice, or omission that constitutes fraud, or *you* or *your dependent* made an intentional misrepresentation of material fact (including a misleading omission of material fact). "Material facts" may include, for example, statements or omissions on the application or in the enrollment process, as applicable, made as part of *your* enrollment and claims for coverage or reimbursement that misrepresent an individual's continuing status as a *dependent*.

This *contract* does not include pediatric dental services as required under the *Affordable Care Act*. This coverage is available in the insurance market and can be purchased as a stand-alone product. Please contact *your* agent or the *Health Insurance Marketplace* if *you* wish to purchase pediatric dental coverage or a stand-alone dental services product.

Your Right to Return This Contract. Please read this *contract* right away. If *you* are not satisfied with this *contract* for any reason, *you* may return it by notifying *us* in writing or by calling the number shown on *your* identification card within 10 days after *you* receive *your* new *member* materials. If *you* notify *us* within that 10-day period, *we* will cancel *your* coverage under this *contract* and refund all premium payments that *you* have made to *us* for it. The *contract* will become null and void and no coverage will be provided to *you* under it.

ACCEPTANCE OF THIS CONTRACT. Except as provided in the preceding paragraph, *our* receipt of the full amount due for *your* first monthly premium will signify *your* acceptance of all terms, conditions, and obligations of this *contract*. Acceptance will be effective on the *effective date* of this *contract*.

READ YOUR CONTRACT CAREFULLY.

THIS POLICY IS RENEWABLE WITH CONSENT OF ASPIRUS HEALTH PLAN, INC.

IN WITNESS WHEREOF, *our* President hereby signs this *contract*.

Brett H. Davis
President

I. Important *Member* Information

Contract Year. Your first contract year begins on the *effective date* of your coverage and ends on December 31 of that *calendar year*. Subsequent contract years run on a *calendar year* basis, January 1 through December 31.

Covered Services. This *contract* defines what services are covered by us and describes procedures you must follow to obtain coverage.

Essential Health Benefits. This *contract* covers all *essential health benefits*. *Essential health benefits* are subject to some limitations or exclusions under this *contract*.

Exclusions. Certain services or medical supplies are not covered. You should read this *contract* for detailed explanation of all exclusions.

Providers. Enrolling under this *contract* does not guarantee services by a particular *provider* on the list of *providers*. Except as provided in the “Continuity of Care” provision of this *contract*, when a *provider* is no longer a *participating provider* with us, you must choose among remaining *participating providers*. Contact Customer Service for the most recent listing of *participating providers* or for information about continuity of care.

Wellness. We may offer and provide wellness and fitness incentives to you in connection with services received from us or designated third party vendors.

II. Member Rights and Responsibilities

As our member, you have the following rights and responsibilities:

1. A right to receive information about us, our services, our *participating providers* and your member rights and responsibilities.
2. A right to be treated with respect and recognition of your dignity and right to privacy.
3. A right to available and accessible services, including *emergency services*, 24 hours a day, 7 days a week.
4. A right to be informed of your health problems and to receive information regarding treatment alternatives and risks that are sufficient to assure informed choice.
5. A right to participate with *providers* in making decisions about your health care.
6. A right to a candid discussion of appropriate or *medically necessary* treatment options for your conditions, regardless of cost or benefit coverage.
7. A right to refuse treatment.
8. A right to privacy of medical, dental and financial records maintained by us and our *participating providers* in accordance with existing law.
9. A right to voice complaints and/or appeals about our policies and procedures or care provided by *participating providers*.
10. A right to file a complaint with us and the Wisconsin Office of the Commissioner of Insurance and to initiate a legal proceeding when experiencing a problem with us. For information, contact the Wisconsin Office of the Commissioner of Insurance at 608.266.0103 or 1.800.236.8517 and request information.
11. A right to make recommendations regarding our member rights and responsibilities policies.
12. A responsibility to supply information (to the extent possible) that *participating providers* need in order to provide care.
13. A responsibility to supply information (to the extent possible) that we require for health plan processes such as enrollment, claims payment and benefit management, and providing access to care.
14. A responsibility to understand your health problems and participate in developing mutually agreed-upon treatment goals to the degree possible.
15. A responsibility to follow plans and instructions for care that you have agreed on with your *providers*.
16. A responsibility to advise us of any discounts or financial arrangements between you and a *provider* or manufacturer for *health care services* that alter the charges you pay.

III. Disclosure of Provider Payments

Participating providers submit claims for *eligible charges* to us with their usual charge for the *health care services*. Your benefits are determined based on the service and the claims’ *eligible charges* that are paid according to the applicable *fee schedule*. This may be based on various methodologies, depending on the *provider* type and contract (i.e. per service, per

event, per day, by diagnostic related group or percent of charge). The *deductible* and *coinsurance* amounts are based on the *fee schedule* amount.

Post-service claims submitted to us for *non-participating provider benefits* are paid on a *fee-for-service* basis. We determine your benefits based on the *non-participating provider reimbursement value*.

We do not specifically reward practitioners or other individuals for issuing denials of coverage or service care. Financial incentives for utilization management decision makers do not encourage decisions that result in underutilization. Utilization management decision making is based only on appropriateness of care and service and existence of coverage.

IV. Member Information for Non-Participating Provider Benefits

Covered Services. We cover specified services from *non-participating providers* at varying levels of coverage. *Deductibles*, *coinsurance*, *copayments* and maximum benefit restrictions may apply. This *contract* lists the services available and describes the procedures for receiving coverage through *non-participating providers*.

Prior Authorization. The section entitled “Prior Authorization Recommendation” in this *contract* explains prior authorization requirements.

V. General Provisions

A. Introduction to Your Coverage

This *contract* describes your health care coverage with us. We may not cover all of your health care expenses. Read this *contract* carefully to determine which expenses are covered. We have discretionary authority to determine eligibility for benefits under this *contract* and to interpret and construe terms, conditions, limitations, and exclusions of this *contract*. Many provisions are interrelated; therefore, reading just one or two provisions may not give you a complete understanding of the coverage described under this *contract*. Italicized words used in this *contract* have special meanings and are defined at the back of this *contract*.

B. Non-Emergency Services Received in a Participating Provider Facility from a Non-Participating Provider

If a *participating provider* arranges and/or performs services for you at a *participating provider* facility, all related eligible non-facility charges from both *participating providers* and *non-participating providers* are covered at the *participating provider* level of benefits as shown in the “Description of Benefits.”

If a *non-participating provider* arranges or performs services for you at a *participating provider* facility with your written authorization, all related eligible non-facility charges from any *non-participating providers* are covered at the *non-participating provider* level of benefits, if any, as described in the “Description of Benefits.”

C. Continuity of Care

If a *participating provider* leaves our network, you may, under the following circumstances, continue to receive care from that *provider* at the *participating provider* benefit level for a designated period of time. The continuity of care provisions outlined below do not apply when: (1) the *provider* no longer practices within the *geographical service area*; or (2) the *provider’s* participation with us is terminated because of their misconduct.

1. **Primary Care Practitioner (PCP).** We will continue to cover *health care services* provided by a *participating provider* who is a *primary care practitioner* until the end of the *calendar year* for which we represented that the *provider* was, or would be, a *participating provider*.
2. **Other than PCP Participating Providers.** If you are undergoing a course of treatment with a *participating provider*, other than a *PCP*, we will continue to cover *health care services* from that *participating provider* for the following period of time, whichever is shorter: (a) for the remainder of the course of treatment; or (b) for 90 days after the participation in our network terminates.
3. **Maternity Services.** We will continue to cover services for a *member* who is in the second or third trimester of pregnancy until the completion of postpartum care for the *member* and the infant.

D. Referrals and Open Access

Your *provider* may suggest that you receive a *health care service* from a specific *provider* or receive a specific *health care service*. Even though your *provider* may recommend or provide written authorization for a referral for certain *health care services*, the *provider* where you receive the *health care services* may be a *non-participating provider* or

the recommended *health care service* may be covered at a lesser level of benefits or be specifically excluded. When these *health care services* are referred or recommended, a written authorization from *your provider* does not override any specific network requirements, prior authorization requirements, or plan benefits, limitations or exclusions.

This *contract* provides “open access” coverage. “Open access” coverage means that *you* may elect to receive *your health care services* from any *participating provider* in a *provider network*. The *provider network* includes *specialists*. The *provider* directory or designated website will assist *you* in finding *participating providers*. *You* may schedule appointments with such *participating providers*, including OB/GYNs, without any referral. However, it is important that *you* verify that the *provider* still participates with the *provider network* before *you* actually receive any *health care services*. If *you* have questions about the status of *participating providers*, *you* may call the Customer Service number listed on *your* ID card for assistance.

E. Medical Emergency

You should be prepared for the possibility of a medical *emergency* by knowing *your participating provider’s* procedures for “on call” and after regular office hours before the need arises. Determine the telephone number to call, which *hospital your participating provider* uses, and other information that will help *you* act quickly and correctly. Keep this information in an accessible location in case a medical *emergency* arises.

If the situation is a medical *emergency* and if traveling to a *participating provider* would delay *emergency* care and thus endanger *your* health, *you* should go to the nearest medical facility. However, call the phone number shown on *your* id card or *your participating provider* within 48 hours or as soon as reasonably possible to discuss *your* medical condition and to coordinate any follow-up care. *You* may authorize someone else to act on *your* behalf.

F. The Entire Contract

This *contract*, combined with any amendments (and *your* completed application), and any other documents referenced in this *contract*, excluding the Summary of Benefits and Coverage, constitute the entire *contract* between *you* and *us*. No change in this *contract* will be valid until approved by one of *our* executive officers and unless such approval is endorsed hereon or attached hereto. No agent has the authority to change this *contract* or to waive any of its provisions. We have the right to rely upon the information provided as part of *your* enrollment.

G. Incontestability

All statements made in an application or supplemental applications, if any, are representations, not warranties. No statement shall be used by *us* to: (1) contest or void coverage under this *contract*; (2) reduce, limit or deny payment of benefits under this *contract*; or (3) defend a claim under this *contract*; unless such statement is in writing, a copy of which is supplied to the *subscriber*.

We will not contest the validity of *your* coverage under this *contract* after *your* coverage has been in force for two years except for: (1) nonpayment of premium; or (2) a fraudulent statement contained in a document signed by that person or in an application or supplemental application, if any, for that person, a copy of which is supplied to the *subscriber*.

H. Summary of Benefits and Coverage (SBC)

The SBC is an informational summary of *your* benefits and coverage under this *contract*, including coverage examples, that is prepared in a uniform style. If there is a conflict between this *contract* and the SBC, this *contract* governs and we will administer *your* coverage in accordance with this *contract*. *You* can obtain the SBC by contacting Customer Service or accessing the designated website.

I. Your Identification Card

We will issue *you* an identification (ID) card containing coverage information. Please verify the information on the ID card and notify Customer Service if there are errors. If any ID card information is incorrect, claims or bills for *your* health care may be delayed or temporarily denied. *You* will be asked to present *your* ID card whenever *you* receive services.

J. Provider Directory

You may find *participating providers* on *our* website at <https://p1.aspirushealthplan.com/find-a-doctor>. Coverage may vary according to *your* provider selection.

The list of *participating providers* frequently changes, and we do not guarantee that a listed *provider* is a *participating provider*. You should verify that a *provider* you choose is a *participating provider* by calling Customer Service. *Provider* directories are available to you upon request.

K. Premium Payment

Your *premium* payments are due monthly and, other than the first month, must be paid within a certain number of days after the *premium* due date. That number of days is known as the grace period, described further below. We have the right to change the *premium* due date and *premium* rates like *yours* and will notify you in advance of any changes. Your *premium* is the same as other *subscribers* of like age and number of *dependents* who are covered under contracts like *yours*. We will notify you of the new *premium* on your billing statement if your *premium* changes.

This *contract* will continue in force as long as *premium* payments are made before the due date or within the grace period described below. We have the right to terminate this *contract* due to non-payment of *premium*, rescind this *contract* due to fraud or intentional misrepresentation of a material fact, or to cancel this *contract* as otherwise described in the Ending Your Coverage provision of this *contract*. This *contract* will not be renewed if we cease doing individual market business in Wisconsin or as specified herein. Payment of a claim does not preclude us from denying future claims or taking any legal action we determine is appropriate, including *rescission* and seeking repayment of claims already paid.

Premium Payment from Third Parties: We do not accept *premium* payments from third parties including, but not limited to, employers of *members*, *subscribers* or *dependents*, except when (a) acceptance of payment from a third party is specifically required by applicable federal or state law, (b) payment of the entire monthly *premium* is made from or on behalf of an individual coverage health reimbursement account (ICHRA) by the sponsoring employer, administrator or third party administrator of such ICHRA, (c) payment of the entire monthly *premium* is made from or on behalf of qualified small employer health reimbursement arrangement (QSEHRA) by the sponsoring employer, administrator, or third party administrator of such QSEHRA, or (d) payment is made by an affiliate of us. We may deny acceptance of, or stop accepting, *premium* payments from third parties only as permitted by applicable federal or state law.

L. Grace Periods

After your first payment of *premium*, we allow a 10-calendar day grace period for *premium* payment. The grace period starts on the day after the due date for payment. You are covered during this grace period provided payment of *premium* is made by the end of the grace period. If we do not receive payment by the end of the grace period, this *contract* is cancelled retroactively to the last date for which coverage has been paid in full.

If your coverage is terminated for nonpayment, you may not be able to obtain new coverage until the next annual open enrollment period, unless you experience a qualifying event that provides you or your *dependents* a right to a limited open enrollment period under this *contract*. The section entitled “Eligibility, Enrollment and *Effective Date*” in this *contract* explains annual open enrollment and limited open enrollment periods.

M. Reinstatement (after contract termination for nonpayment of premium)

In certain circumstances, you may be able to reinstate your coverage if your *contract* is terminated because you did not pay your *premium*.

To have your coverage reinstated, you must send to us a *premium* payment for all previously missed months plus payment for the next month. You must send this payment within 60 days of the date your *contract* was terminated. If we accept your payment, your coverage will be reinstated as of the date your *contract* was terminated. We will notify you within 45 days of receiving your payment if we accept. If reinstated, your coverage will continue as if it had never been terminated.

We will only allow you to reinstate this *contract* one time per calendar year. You cannot reinstate your *contract* if you purchased it through the *Health Insurance Marketplace*.

N. Changes in Coverage

We may discontinue offering all health insurance in the individual market. If that happens, we will provide you with written notice that coverage is being discontinued, as required by law.

The coverage provided under this *contract* and the *premiums* due for that coverage may change each year. Such changes may include changes in order to meet federal regulatory requirements, or state regulatory requirements to the extent that such requirements are not preempted by federal regulatory requirements, or to ensure that this *contract* maintains the actuarial value for the designated metal levels as defined in the *Affordable Care Act*. Any change in coverage required by statute or regulation becomes effective according to statute or regulation.

We may also modify or non-renew this *contract* on a uniform basis among all individuals with the same coverage as long as such change is in compliance with applicable federal law, or state law to the extent that such law is not preempted by federal law. We may also non-renew this *contract* if the *subscriber* moves outside the *geographical service area* for this *contract*. This *contract* is guaranteed renewable at a premium rate that does not take into account your claims experience or your health status.

If coverage is modified, we will provide you written notice of the change, as required by law.

O. Conflict with Existing Law

If any provision of this *contract* conflicts with any applicable statute or regulation, only that specific provision is hereby amended to conform to the minimum requirements of such statute or regulation.

P. Privacy

We are subject to the Health Insurance Portability and Accountability Act ("HIPAA") Privacy Rule. In accordance with the HIPAA Privacy Rule, we maintain, use, or disclose your Protected Health Information for purposes such as claims processing, utilization review, quality assessment, case management, and otherwise as necessary to administer your health care coverage. You will receive a copy of our Notice of Privacy Practices (which summarizes our HIPAA Privacy Rule obligations, your HIPAA Privacy Rule rights, and how we may use or disclose health information protected by the HIPAA Privacy Rule) with your enrollment packet. You may also call Customer Service to receive one.

Q. Fraud or Intentional Misrepresentation and Rescission

If routine processing delays or clerical errors occur, those delays will not deprive you of coverage for which you are otherwise eligible, nor will they give you coverage under this *contract* for which you are not eligible under this *contract*. You will not be eligible for coverage beyond the scheduled termination of this *contract* because of a failure to record or communicate the termination except where required by law. Your coverage may not be rescinded unless you (or anyone seeking coverage on your behalf, including a personal representative) falsify, or intentionally misrepresent or omit, information on your enrollment application form, submit fraudulent, altered or duplicate billings for your or others' personal gain, allow another person not covered under this *contract* to use your coverage, or perform an act or practice that constitutes fraud or intentional misrepresentation (including an omission) of material fact under the terms of this *contract*. We will provide you with a minimum of 30 calendar days advance written notice of the pending *rescission*. Notwithstanding this, your coverage may be terminated, including being retroactively terminated, due to your failure to timely pay your required *premiums*.

R. Authorizations and Right to Audit

Determination of your coverage will be made at the time a claim is reviewed. In addition, we or our designee may require you to furnish proof of your eligibility status, including eligibility for limited open enrollment, and may, at reasonable times and upon reasonable notice, audit or have audited your records regarding eligibility, enrollment, termination, *premium* payments and the coverage provided under this *contract*. If we determine that, after reasonable requests, you have failed to provide adequate records or authorizations for the release of information, or sufficient proof, we may, in our sole discretion, deny claims, cancel or not renew your coverage or rescind or terminate your coverage to the extent permitted by law.

S. Assignment

We will have the right to assign any and all of our rights and responsibilities under this *contract* to any of our affiliates or to any other appropriate organization or entity.

T. Medical Equipment, Supplies and Prescription Drugs

Your coverage under this contract does not guarantee that coverage of medical equipment, supplies or prescription drugs will continue to be covered, even if the equipment, supply or drug was covered in a previous calendar year.

U. Medical Technology and Treatment Review

Depending on the focus of the technology or treatment, one of two committees (Medical Policy Quality Management Subcommittee or the Pharmacy and Therapeutics Quality Management Subcommittee) determines whether new and existing medical treatments and technology should be covered benefits. These committees are made up of *our* designee's staff and independent community *physicians* who represent a variety of medical specialties. Their goal is to find the right balance between making improved treatments available and guarding against unsafe or unproven approaches. These committees carefully examine the scientific evidence and outcomes for each treatment/technology being considered. The Quality Management Committee that is made up of independent community *physicians*, a consumer representative, and *our* and *our* designee's staff oversees the decisions of the subcommittees.

V. Recommendations by Health Care Providers

In some cases, *your provider* may recommend or provide written authorization for services that are specifically excluded by this *contract*. When these services are referred or recommended, a written authorization from *your provider* does not override any specific *contract* exclusions.

W. Legal Actions

No legal action may be brought until at least 60 calendar days after written proof of loss is provided or after the expiration of three years after the date that written proof of loss was provided.

X. Routine Patient Costs Associated with Clinical Trials

We cover routine patient costs associated with a clinical trial and may not: 1) deny your participation in a clinical trial; 2) deny (or limit or impose additional conditions on) the coverage of routine patient costs for items and services furnished to you in connection with participation in the clinical trial; or 3) discriminate against you on the basis of your participation in a clinical trial.

If one or more *participating providers* are participating in a *clinical trial*, we will cover *routine patient costs* only if you participate in the *clinical trial* through a *participating provider* if the *provider* will accept you as a participant in the *clinical trial*. This requirement is waived if the approved *clinical trial* is conducted outside the state in which you reside. We will not cover *routine patient costs* if you are participating in a *clinical trial* with a *non-participating provider* and you do not have coverage for *non-participating provider benefits*. We will also cover reasonable and *medically necessary health care services* for diagnosis and treatment of complication arising from participation in a qualifying *clinical trial*.

VI. Eligibility, Enrollment, and *Effective Date*

Eligible Individuals. An individual is eligible for coverage as a *subscriber* under this *contract* if, at the time of application, the *subscriber* is a resident in the *geographical service area* for which this *contract* is issued and has been determined by *us* to be an *eligible individual*.

Note: Coverage will be rescinded or terminated in the event of fraud, intentional misrepresentation of material fact (including a misleading omission of material fact) or failure to pay, when due, any required *premium*.

Eligible Dependents. A *subscriber* is permitted to enroll only eligible *dependents*. Eligible *dependents* of the *subscriber* include those individuals whom *we* have determined to be *eligible individuals* and who meet the requirements of any of the following:

1. Lawful spouse whose marriage to the *subscriber* is valid under Wisconsin law.
2. Children, through end of the month in which the child reaches age 26, including:
 - a. Natural children of a covered *subscriber* from birth.
 - b. Legally adopted children or children placed with the *subscriber* for legal adoption (date of placement means the assumption and retention by a person of a legal obligation for total or partial support of a child in anticipation of adoption of the child. The child's placement with a person terminates upon the termination of the legal obligation of total or partial support).
 - c. Children under age 26 for whom the *subscriber* or the *subscriber's* covered lawful spouse has been appointed legal guardian by a court of law prior to age 18
 - d. *Stepchildren* of the *subscriber*.
 - e. Biological child of a *subscriber's* child (i.e. the *subscriber's* grandchild) if the *subscriber's* child is under age 18.
3. Child of the *subscriber* who is a *full-time student returning from military duty*.
4. Dependent children who are disabled. Application for extended coverage and proof of incapacity must be furnished to *us* within 31 calendar days after the dependent child reaches age 26. *We* may ask for an independent medical exam to determine the functional capacity of the dependent child. After this initial proof, *we* may request proof again annually. A dependent child may be eligible for coverage if coverage has not otherwise terminated by *us* and if the dependent child meets all of the following criteria:
 - a. Became disabled before age 26;
 - b. Was covered under this *contract* before age 26;
 - c. Was a *dependent* enrolled under this *contract* prior to reaching age 26;
 - d. Is incapable of self-sustaining employment, because of a *physical disability*, developmental disability, mental illness, or mental health disorder; and
 - e. Is dependent on the *subscriber* for a majority of support and maintenance.

The disabled dependent child shall be eligible for coverage as long as the dependent child is and continues to be disabled and dependent on the *subscriber*, unless coverage otherwise terminates under this *contract*.

Note: Coverage will be rescinded or terminated in the event of fraud, intentional misrepresentation of material fact (including a misleading omission of material fact) or failure to pay, when due, any required *premium*.

Initial Enrollment and Subsequent Enrollment. The *subscriber* must make written application to enroll, including any eligible *dependents* that the *subscriber* wishes to enroll, during an open enrollment period which occurs from November 1 through December 15 of each year. The *subscriber* may add eligible *dependents* to this *contract* at subsequent annual open enrollment periods. They may also be enrolled in connection with a limited open enrollment period as described in the "Limited Open Enrollment," Section below. For further information regarding open enrollment, please contact Customer Service. If *you* have subscriber only coverage and elect coverage for *your* eligible *dependents* which becomes effective, then *you* and *your dependents* become subject to the terms and conditions of family coverage.

Newborn Child Enrollment Under Wisconsin Law. Newborn biological children who are born while the *subscriber* is covered under this *contract* and who are otherwise eligible for coverage, will be covered immediately from the moment of birth and for the next 60 days of the child's life immediately following the date of birth. If coverage is needed after the 60 days, *you* must add the child.

To add a newborn biological child, *you* must submit an application and pay the required premium within 60 calendar days after the date of birth. If *you* fail to notify *us* and do not make any payment beyond the 60-day period, coverage will end, unless *you* make all past new payments with 5.5% interest, within one year of the child's birth. In this case, coverage will

be retroactive to the date of birth. If we do not receive payments within one year after the child's birth, the newborn may not be added until the next annual enrollment period.

Newly Adopted Child Enrollment. Children newly adopted or placed for adoption, who were adopted or placed for adoption while the *subscriber* is covered under this *contract*, and who are otherwise eligible for coverage, may be covered immediately from the date of adoption or placement for adoption, or on a later date elected by the *subscriber*. We must receive an application to add the child within 60 days of the date of adoption or placement for adoption. If you submit an application more than 60 calendar days after the date of adoption, or placement for adoption, the adopted child may not be added until the next annual enrollment period.

If the adoption of a child who is placed for adoption or foster care with the *subscriber* is not finalized, the child's coverage will terminate when the child's placement for adoption or foster care with the *subscriber* terminates.

Effective Date for Initial Enrollment. The date on which coverage is effective for the *subscriber* and all enrolled *dependents* who are listed on the application depends on the date you are approved for coverage by us and our receipt of the full amount due for your first monthly *premium* payment. If the conditions are met on or before December 15 in any calendar year, your coverage will be effective January 1 of the following calendar year.

Limited Open Enrollment. If your circumstances change, you, your spouse, and your *dependents* may have a limited open enrollment right to enroll in this *contract* or another *health plan* or in a *qualified health plan*, as applicable. The events that may permit such limited open enrollment in this *contract* are generally described in the chart below; **however, they are subject to change as permitted or required by law, regulatory guidance or applicable market practices.** The chart contains the events that apply when you purchase coverage directly from us under this *contract*. If one of the listed events applies to you, you must elect coverage in a timely manner as required by law and must submit your completed application and required documentation to us to obtain coverage under this *contract*.

The timeframe for electing coverage varies with the type of event.

- For events 3, 4, 5, 9 and 10 in the chart below, coverage must be elected no later than 60 calendar days after the date the event occurs. For events involving a child support order or other court orders, the date the event occurs is the date the order is issued.
- For events 1, 2, and 14 in the chart below, coverage must be elected during the period that begins 60 days before and ends 60 days after the date the event occurs. The triggering event for event 14 is the first day on which coverage for the *eligible individual* or *dependent* under the individual coverage HRA can take effect, or the first day on which coverage under the QSEHRA takes effect.¹
- For events 6, 7, and 8 in the chart below, the coverage election periods vary with the circumstances, but generally cannot exceed 60 days.
- For event 11 in the chart below, coverage must be elected no later than 60 calendar days from the date of such event.
- Special rules apply to events 12 and 13. Contact Customer Service if you have questions about these special rules.

In addition to electing timely, for events 1, 2, 3 (for marriage), 4 (for marriage), 5, 7 and 8, an *eligible individual* must demonstrate either enrollment in *minimum essential coverage* for at least 1 day during the 60 day period prior to the date of the event or that the *eligible individual* lived in a foreign country or U.S. territory for 1 or more days during the 60 day period prior to the date of the event or lived in a service area where no *qualified health plans* were available through the *Health Insurance Marketplace* (i) for 1 or more days during the 60 day period prior to the date of the event or (ii) during their most recent preceding enrollment period (which includes initial, annual or a limited open enrollment period). In addition to electing timely, for event 11, an *eligible individual* must demonstrate that they are currently enrolled in *minimum essential coverage* at the time they seek to enroll in coverage that is separate from the perpetrator's coverage. For further information regarding these limited open enrollment rules, please contact Customer Service.

Note: If you are an *eligible individual* or a *qualified individual*, as applicable, or a spouse or an eligible dependent child of an *eligible individual* or a *qualified individual*, as applicable, but are not enrolled for coverage under this *contract*, you may also enroll for coverage under this *contract*, as provided by the *Affordable Care Act*, as a result of qualifying events as defined under section 603 of the Employee Retirement Income Security Act of 1974, as amended. For further information regarding these limited open enrollment rules, please contact Customer Service.

¹ An *eligible individual* or *dependent* will qualify for this special enrollment period regardless of whether they were previously offered or enrolled in an individual coverage HRA or previously provided a QSEHRA, so long as the *eligible individual* or *dependent* is not enrolled in the individual coverage HRA or covered by the QSEHRA on the day immediately prior to the triggering event.

Effective Date of Coverage Pursuant to Limited Open Enrollment. The *effective date* of coverage for the *subscriber* and/or any eligible *dependents* listed on the enrollment form depends on the date on which we timely receive *your* coverage selection and approve it, and we receive the full amount of the first monthly *premium* payment.

- If the event is the birth, adoption, placement for adoption or child support or other court order in relation to an eligible dependent child as set forth in events 3 or 4 in the chart below, coverage is effective on the date of the birth, adoption, placement for adoption or effective date of the court order; unless the *subscriber* elects that the coverage be effective on the first day of the month following plan selection or unless the *subscriber* elects the regular coverage *effective dates*; provided that all conditions described in this section are met. For regular coverage *effective dates*, if plan selection is received on or after the first day of the month, but on or before the fifteenth day of the month, *your* regular coverage *effective date* will be the first day of the following month and if plan selection is received after the sixteenth day of the month, but on or before the last day of the month, *your* regular coverage *effective date* will be the first day of the second following month.
- If the event is marriage as set forth in events 3 or 4 in the chart below, coverage is effective on the first day of the month following the date the *subscriber* timely elects coverage, provided that all conditions described in this section are met.
- For a loss of coverage for event 5 in the chart below, coverage is effective on the first day of the month following the date the *subscriber* timely elects coverage, provided that all conditions described in this section are met.
- If the event is the loss of *minimum essential coverage* or the loss of coverage due to non-renewal (including voluntary non-renewal) or expiration of coverage under a non-calendar year group or individual *health plan* or an employer-sponsored plan that provides minimum value in accordance with the *Affordable Care Act* and as set forth in events 1 or 2 in the chart below, coverage is effective on the first day of the month following the date of the loss of coverage, provided that the *subscriber* timely elects coverage on or before the date of such loss and provided that all conditions described in this section are met. If *subscriber* timely elects coverage after the date of such loss of coverage, coverage is effective on the first day of the month following plan selection. For a loss of coverage due to such non-renewal or expiration of coverage, the date of the loss of coverage is the last day of the non-calendar plan year that immediately precedes the renewal date or the last day of the non-calendar plan year in which coverage expired, respectively. Special rules apply if coverage is elected after the loss of coverage occurs.
- If the event is a permanent move as set forth in event 8 in the chart below, if all conditions described in this section are met on or after the first day of the month, but on or before the fifteenth day of the month, *your* coverage under the events listed below will be effective on the first day of the following month. If the conditions are met on or after the sixteenth day of the month, but on or before the last day of the month, *your* coverage will be effective on the first day of the second following month. Special rules apply if coverage is elected before the permanent move occurs.
- For events 9,10 and 11 in the chart below, if all conditions described in this section are met on or after the first day of the month, but on or before the fifteenth day of the month, *your* coverage under the events listed below will be effective on the first day of the following month. If the conditions are met on or after the sixteenth day of the month, but on or before the last day of the month, *your* coverage will be effective on the first day of the second following month.
- The coverage effective dates for events 6, 7, 12, 13 and 14 vary with the circumstances and special rules apply.

²For purposes of this *contract*, an involuntary loss of *minimum essential coverage* includes, but is not limited to, the following examples:

- Termination of health coverage, that is not COBRA or state continuation coverage, due to a loss of eligibility for such coverage (including as a result of legal separation or divorce from primary insured subscriber, death of primary insured subscriber, termination of employment (including voluntarily leaving employment) or reduction in hours by the primary insured subscriber under an individual or group plan, cessation of dependent status (including but not limited to attaining age 26), and a loss of coverage provided through an HMO in the group or individual market or other arrangement due to the individual no longer residing or working in the service area designated by the HMO or other arrangement);
- Termination of all employer contributions toward the cost of such health coverage (excluding COBRA);
- Expiration of COBRA and any state continuation health coverage due to exhaustion of such coverage;
- Loss of eligibility for Medicaid;
- Loss of eligibility for CHIP; and
- An employer-sponsored health plan discontinues offering any health benefits to similarly situated individuals.

Loss of *minimum essential coverage* does not include, and is not limited to, the following examples:

- Voluntary loss of *minimum essential coverage*;
- Loss of non-*minimum essential coverage* unless an exception applies;
- Loss of *minimum essential coverage* due to a failure to pay *premiums* on a timely basis including COBRA *premiums* while on COBRA continuation coverage; and
- Loss of coverage due to a *rescission* of coverage (as permitted under the *Affordable Care Act*) by us, another carrier, a regulatory or government agency or an employer due to fraud or an intentional misrepresentation of material fact.

VII. Schedule of Payments

You are required to pay any copayments, deductibles and coinsurance amounts. Benefits are covered in this contract according to what we pay for covered services that we determine are medically necessary. Medically necessary is defined in the Definitions section of this contract. Your coinsurance amount is the eligible charge for a covered service less the percentage covered by us. Our payment begins after you have satisfied any applicable copayments, deductibles and coinsurance.

Discounts negotiated by or on behalf of us with providers may affect your coinsurance amount. We may pay higher benefits if you choose participating providers. In addition to any copayments, coinsurance and deductible, you also pay all charges that exceed the non-participating provider reimbursement value when you use a non-participating provider and receive non-participating provider benefits.

Note: Your coverage is either “subscriber only” or “family.” Therefore, only one of the following sections “Subscriber only” or “Family” applies to you. If you have questions about which section applies to you, contact Customer Service.

If you have subscriber only coverage, on the date that the coverage for your eligible dependent(s) becomes effective, you and your new dependent(s) become subject to the terms and conditions of family coverage.

Subscriber only

Deductibles: The subscriber must first satisfy the deductibles by incurring charges equal to that amount for eligible services in a calendar year before we will pay benefits. We will not pay benefits for the eligible charges applied toward the deductibles. Expenses you pay for copayments, coinsurance and any amount in excess of the non-participating provider reimbursement value will not apply towards satisfaction of the deductibles. You will not be required to satisfy the deductibles before we will pay benefits for preventive health care services received from a participating provider.

Out-of-Pocket Limits: After the subscriber has met the out-of-pocket limit per calendar year for copayments, coinsurance and deductibles, we cover 100% of charges incurred for all other eligible charges. It is the subscriber’s responsibility to pay any amounts greater than the out-of-pocket limit if any benefit or visit maximums are exceeded. Expenses you pay for amounts in excess of the non-participating provider reimbursement value will not apply towards satisfaction of the out-of-pocket limit.

Subscriber only	Participating Provider Network	Non-Participating Providers
Deductibles	\$1,200 per calendar year.	Not applicable.
Out-of-Pocket Limits	\$2,000 per calendar year.	Not applicable.

Family (Subscriber and Enrolled Dependents)

Family Deductibles: If you have family coverage, each covered family *member* must meet their own individual *deductible* until the total amount of *deductible* expenses paid by all family *members* meets the overall family *deductible*. We will not pay benefits for the *eligible charges* applied toward the family *deductibles*. Expenses the family pays for *copayments*, *coinsurance* and any amount in excess of the *non-participating provider reimbursement value* will not apply towards satisfaction of the *deductibles*. Members of the family will not be required to satisfy the family *deductibles* before we will pay benefits for *preventive health care services* received from a *participating provider*.

Family Out-of-Pocket Limits: If you have family coverage, each family *member* must meet their own individual *out-of-pocket limit* until the overall family *out-of-pocket limit* has been met. The family must pay any amounts greater than the family *out-of-pocket limit* if any benefit or visit maximums are exceeded. Expenses the family pays for amounts in excess of the *non-participating provider reimbursement value* will not apply towards satisfaction of the *out-of-pocket limit*.

Family (Subscriber and Dependents)	Participating Provider Network	Non-Participating Providers
Family Deductibles	\$2,400 per family (\$1,200 per member) per calendar year.	Not applicable.
Family Out-of-Pocket Limits	\$4,000 per family (\$2,000 per member) per calendar year.	Not applicable.

Cost Sharing. The amount of the flat fee *copayments* is calculated on *provider* allowed charges. The *provider's* allowed charge is the full amount that the *provider* bills less any discount negotiated by or on behalf of us with the *provider*. The *coinsurance* percentage is calculated on the least of the *provider's* allowed charge, the *fee schedule* that we have negotiated with the *participating provider*, or the *non-participating provider reimbursement value*. The *deductible* is first subtracted from the allowed charge, *fee schedule*, or the *non-participating provider reimbursement value*, whichever is applicable, then the *coinsurance* is applied to the remainder.

VIII. Prior Authorization

Approval of a prior authorization request by *us* or *our* designee does not guarantee payment for services. Whether or not we grant prior authorization, payment for services will depend on whether, at the time the services are performed, *you* are a *member* who is *eligible* for and enrolled under this *contract*, the services are *medically necessary*, are *covered services*, *you* have provided the appropriate information for those services, and *you* have met all other terms of the *contract*. Please read the entire *contract* to determine which other provisions might also affect benefits.

If *your attending provider* requests prior authorization on *your* behalf, the attending *provider* will be treated as *your* authorized representative by *us* for purposes of such request and the submission of *your* claim and associated appeals unless *you* specifically direct otherwise to *us* within ten business days from *our* notification that an attending *provider* was acting as *your* authorized representative. *Your* direction will apply to any remaining appeals.

Prior Authorization Recommendation. We recommend that *you* or *your provider* request prior authorization for certain *health care services* to determine whether they are *medically necessary*. When a *participating provider* renders services, the *provider* will obtain authorization in advance from *us* or *our* designee for *you* by following the procedures explained in this section of this *contract*. It is *your* responsibility to obtain prior authorization from *us* and to follow the procedures in this section of this *contract* when *you* receive services from *non-participating providers*. If *you* have questions about prior authorization, please contact Customer Service. Penalties do not apply. *You* and *your provider* should follow the procedures for prior authorization appeals as shown in the “Internal Appeals Process” section. The prior authorization process is recommended for a variety of services including, but not limited to, those listed below, and others that are listed in *our* “Prior Authorization List”:

1. All non-emergency inpatient admissions including *skilled nursing facility*, *rehabilitation*, *hospital*, etc.;
2. *Transplant services*;
3. Drugs or procedures that could be construed to be *cosmetic*;
4. Home health care or hospice;
5. Non-emergency transportation
6. Outpatient surgeries;
7. Physical therapy, occupational therapy, speech therapy and other outpatient therapies;
8. Pain therapy;
9. *Reconstructive surgery*; and
10. Durable medical equipment (DME) or prosthesis that might exceed \$5,000.

You can access the current list by logging in to *your member* home page at www.aspirushealthplan.com.

We also recommend that *you* or *your provider* request prior authorization for certain *prescription drugs* before *you* fill *your* prescription at a pharmacy. These *prescription drugs* include, but are not limited to:

1. *Compounded drugs* that are over \$200.
2. *Specialty drugs*.

Prior Authorization Procedure for Non-Acute Care Pre-Service Requests. When a *participating provider* renders services, the *participating provider* will notify *us* for *you* and must follow the procedures set forth below. It is *your* responsibility to ensure that *we* have been notified when *non-participating providers* are used. *You* or the *provider* must contact Customer Service by telephone, facsimile, electronic mail, or voice mail prior to services being performed and without unreasonable delay.

For *non-participating providers*, *you* need to follow the procedures set forth below:

1. *You* must contact Customer Service by telephone, facsimile, electronic mail, or voice mail prior to services being performed and no less than 15 calendar days prior to the date services are scheduled. An expedited review is available if *your attending health care professional* believes it is warranted.
2. *You* and the *provider* will be notified of the initial determination by *us* or *our* designee within ten business days following a request, but in no event later than the date on which the services are scheduled to be rendered, provided that *we* have all necessary information we need to make an initial determination. If *we* have all information we need to make an initial determination, but determine that an extension is necessary due to matters beyond *our* control, , then *we* may extend the

time period for *our* initial determination by sending written notice to *you* before the end of the initial determination period, which describes the circumstances that require the extension. *We* or *our* designee will notify *you* and the *provider* of the initial determination within ten business days after the end of the initial determination period. The initial determination will be communicated to the *provider* by telephone.

3. If *we* do not have all necessary information *we* need to make an initial determination, then *we* may extend the time period for making the initial determination by sending written notice to *you*, before the end of the initial determination period, which describes the missing information and provides a grace period to *you* for providing the necessary information of at least 45 calendar days from the date *you* receive the notice. *We* will notify *you* and the *provider* of the initial determination within ten business days after the earlier of a) the date on which *we* receive the requested information and b) the end of the specified grace period, if *we* do not receive the requested information. The initial determination will be communicated to the *provider* by telephone.
4. If the initial determination is that the service will not be covered *your attending health care professional, hospital* (if applicable) and attending *provider* will be promptly notified by telephone within one business day after the decision has been made.
5. Written notification will then be provided to *you, your attending health care professional, hospital* (if applicable) and attending *provider* explaining the principal reason or reasons for the determination. The notification will also include the process to appeal the decision.
6. If *you* or the *provider* has not submitted the request for review in accordance with these procedures, *we* will notify *you* within five calendar days.

Note: If *your* request is denied, *you* may appeal that decision. Refer to the section entitled “Internal Appeals Process” for details on how to appeal.

Should Wisconsin, Minnesota, the Wausau metropolitan area and/or the Minneapolis/St. Paul metropolitan area be declared subject to a pandemic alert or in the event of a cyber-attack, *we* may suspend prior authorization and other services as may be determined by *us*.

How to Obtain an Expedited Review

Expedited Review. An expedited initial determination will be used if *your attending health care professional* believes it is warranted. Acute care services, which can warrant expedited review, are medical care or treatment with respect to which the application of the time periods for making non-expedited review determinations could seriously jeopardize *your* life or health or *your* ability to regain maximum function, or that in the opinion of *your attending health care professional* would subject *you* to severe pain that cannot be adequately managed without the care or treatment that is the subject of the *pre-service* request.

An expedited initial determination will be provided to *you, your attending health care professional, hospital* (if applicable) and attending *provider* as quickly as *your* medical condition requires, but no later than 72 hours following the initial request. If *we*, or *our* designee, do not have all the information needed to make a determination, *you* will be notified within 24 hours. *You* will then have at least 48 hours to provide the requested information. *You, your attending health care professional, hospital* (if applicable) and attending *provider* will be notified of the determination within 48 hours after the earlier of *our* receipt of the requested information or the end of the time period specified for *you* to provide the requested information. If the initial determination would deny coverage, *you* or *your attending health care professional* will have the right to submit an expedited appeal

Note: If *your* request is denied, *you* may appeal that decision. Refer to the section entitled “Internal Appeals Process” for details on how to appeal.

Case Management

In cases where *your* condition is expected to be or is of a serious nature, *we* may arrange for review and/or case management services from a professional who understands both medical procedures and *our* health care coverage.

Under certain conditions, we will consider other care, services, supplies, reimbursement of expenses or payments for care of *your* serious *sickness* or *injury* that would not normally be covered. *We* and *your physician* will determine whether any medical care, services, supplies, reimbursement of expenses or payments will be covered. Such care, services, supplies, reimbursement of expenses or payments will not be considered as setting any precedent or creating any future liability.

Other care, treatments, services, or supplies must meet both of these tests:

1. Be determined in advance by *us* to be *medically necessary* and cost effective in meeting *your* long term or intensive care needs in connection with a catastrophic *sickness* or *injury*; and
2. The charges *incurred* would not otherwise be payable or would be payable at a lesser percentage.

Alternative Care

If *your attending health care professional* advises *you* to consider alternative care for a *sickness* or *injury* that includes *health care services* not covered under the *contract*, *your attending health care professional* should contact *us* so *we* can discuss it with them. *We* have full discretionary authority to consider paying for such non-covered *health care services* and *we* may consider an alternative care plan if *we* find that:

1. The recommended alternative care offers a medical therapeutic value equal to or greater than the current treatment or confinement;
2. The current treatment or confinement is covered under the *contract*;
3. The current treatment or confinement may be changed without jeopardizing *your* health; and
4. The *health care services* provided under the alternative care plan will be as cost effective as the *health care services* provided under the current treatment or confinement plan.

We will make each alternative care coverage determination on a case by case basis and no decision will set any precedent for future claims. Payment of benefits, if any, will be determined by *us*.

Any alternative care decision must be approved by *you*, the *attending health care professional*, and *us* before such alternative care begins.

IX. Description of Benefits

1. Also refer to the Schedule of Payments to help determine *your* benefit level.
2. See the Prior Authorization section for certain services.
3. Be sure to review the list of Exclusions. A *provider* recommendation or performance of a service, even if it is the only service available for *your* particular condition, does not mean it is a *covered service*. Benefits are not available for *medically necessary* services, unless such services are also *covered services*, and received while you are covered under this contract.
4. Benefits are limited to the most cost effective and *medically necessary* alternative.

Benefit	Participating Provider Benefit, we pay:	Non-Participating Provider Benefit, we pay: Note: For <i>non-participating</i> <i>providers</i> , in addition to any <i>deductibles</i> and <i>coinsurance</i> , you pay all charges that exceed the <i>non-participating provider</i> <i>reimbursement value</i> .

A. Ambulance Services

Ambulance services for an <i>emergency</i> .	80% of <i>eligible charges</i> after the <i>deductible</i> .	Same as the <i>participating provider</i> benefit for <i>emergency</i> ambulance services.
Non-emergency transportation. Note: Prior authorization by <i>us</i> or <i>our</i> designee. is recommended for non- <i>emergency</i> transportation	80% of <i>eligible charges</i> after the <i>deductible</i> .	Same as the <i>participating provider</i> benefit for non-emergency transportation.

Ambulance services for an *emergency*. We cover ambulance service and *emergency* transportation to the nearest *hospital* or medical center where initial care can be rendered for a medical *emergency*. Air ambulance is covered only when the condition is an acute medical *emergency* and is authorized by a *physician*. Prior authorization by *us* or *our* designee is recommended for non-emergency transportation.

We cover *emergency* ambulance (air or ground) transfer from a *hospital* not able to render the *medically necessary* care to the nearest *hospital* or medical center able to render the *medically necessary* care only when the condition is a critical medical situation and is ordered by a *physician* and coordinated with a receiving *physician*.

Ambulance services for a non-emergency. Non-emergency ambulance service, including transfers from *hospital* to *hospital* when care for *your* condition is not available at the *hospital* where you were first admitted, from a *hospital* to other facilities for subsequent covered care or from home to *physician* offices or other facilities for outpatient treatment procedures or tests, are covered if medical supervision is required en route. Prior authorization by *us* or *our* designee is recommended for non-emergency ambulance services in advance.

Exclusions:

- a. Please see the section entitled "Exclusion List."
- b. Non-emergency ambulance service from *hospital* to *hospital* such as transfers and admission to *hospitals* performed only for convenience.

Benefit	Participating Provider Benefit, we pay:	Non-Participating Provider Benefit

B. Autism Services		
Services to diagnose and treat Autism.	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.

We cover autism services for *members* who have a primary verified diagnosis of autism spectrum disorder, which includes autism disorder, Asperger's syndrome, and pervasive development disorder not otherwise specified. A verified autism spectrum disorder diagnosis determination must be made by a *health care professional* skilled in testing and in the use of empirically validated tools specific for autism spectrum disorders. We may require confirmation of the primary diagnosis through completion of empirically validated tools or tests from each of the following categories: intelligence, parent report, language skills, adaptive behavior and direct observation of the *member*. Please see Wisconsin Administrative Code Ins. 3.36 for applicable definitions.

This section is not subject to the general exclusions in Section X entitled "Exclusion List". The only exclusions that apply to autism services are outlined in this section, except for *durable medical equipment* and *prescription drugs*.

Covered Autism Services:

- Diagnostic testing.** The testing tools used must be appropriate to the presenting characteristics and age of the *member* and empirically valid for diagnosing autism spectrum disorders consistent with the criteria provided in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association. We reserve the right to require a second opinion with a *provider* mutually agreeable to the *member* and us.
- Intensive-level services.** We will provide up to four years of intensive-level services that commence after *you* are two years of age and before *you* are nine years of age. The majority of the services must be provided to *you* when *your* parent or legal guardian is present and engaged. While receiving intensive-level services, *you* must be directly observed by the qualified *provider* at least once every two months. In addition, the intensive-level services must be all of the following:
 - Evidence-based.
 - Provided by a qualified *provider*, professional, therapist, or paraprofessional, as those terms are defined by state law.
 - Based on a treatment plan developed by a qualified *provider* or professional as defined by state law that includes an average of 20 or more hours per week over a six-month period of time with specific cognitive, social, communicative, self-care or behavioral goals that are clearly defined, directly observed and continually measured. Treatment plans shall require that *you* be present and engaged in the intervention.
 - Provided in an environment most conducive to achieving the goals of *your* treatment plan.
 - Assessed and documented throughout the course of treatment. We may request and review *your* treatment plan and the summary of progress on a periodic basis.
 - Designed to include training and consultation, participation in team meetings and active involvement of the *member's* family and treatment team for implementation of the therapeutic goals developed by the team
- Concomitant services by a qualified therapist.** We will cover services by a qualified therapist when all the following are true:
 - The services are provided concomitant with intensive-level evidence-based behavioral therapy;
 - You* have a primary diagnosis of an autism spectrum disorder;
 - You* are actively receiving behavioral services from a qualified intensive-level *provider* or qualified intensive-level professional; and
 - The qualified therapist develops and implements a treatment plan consistent with their license and this section.
- Non-intensive-level services.** *You* are eligible for non-intensive-level services, including direct or consultative services, that are evidence-based and are provided by a qualified *provider*, supervising *provider*, professional, therapist or paraprofessional under one of the following scenarios: (i) after the completion of intensive-level services, as long as the non-intensive-level services are designed to sustain and maximize gains made during the intensive-level *treatment*; or (ii) if *you* have not and will not receive intensive-level services but non-intensive-level services will improve *your* condition. Non-intensive-level services must be all of the following:
 - Based upon a treatment plan and include specific therapy goals that are clearly defined, directly observed and continually measured and that address the characteristics of autism spectrum disorders. Treatment plans shall require that *you* be present and engaged in the intervention.

- b. Implemented by qualified *providers*, qualified supervising *providers*, qualified professionals, qualified therapists or qualified paraprofessionals as defined by state law.
- c. Provided in an environment most conducive to achieving the goals of *your* treatment plan.
- d. Designed to provide training and consultation, participation in team meetings and active involvement of the *member's* family in order to implement therapeutic goals developed by the team.
- e. Designed to provide supervision for qualified professionals and paraprofessionals in the treatment team.
- f. Assessed and documented throughout the course of treatment. We may request and review *your* treatment plan and the summary of progress on a periodic basis.

Exclusions:

- a. Acupuncture
- b. Animal-based therapy including hippotherapy
- c. Auditory integration training
- d. Chelation therapy
- e. Childcare fees
- f. Cranial sacral therapy
- g. Hyperbaric oxygen therapy
- h. *Custodial care or respite care*
- i. Special diets or supplements
- j. *Provider* travel expenses
- k. Therapy, treatment or services when provided to a *member* who is residing in a residential treatment center, inpatient treatment or day treatment facility
- l. Costs for the facility or location or for the use of a facility or location when *treatment*, therapy or services are provided outside of *your* home
- m. Claims that have been determined by us to be fraudulent
- n. Treatment provided by parents or legal guardians who are otherwise qualified *providers*, supervising *providers*, therapists, professionals or paraprofessionals for treatment provided to their own children.

D. Dental Services		
Accidental Dental Services.	Note: Dental damage must be severe enough that initial contact with a <i>physician</i> or <i>dentist</i> occurred within 72 hours of the accident. <i>You</i> may request an extension of this time period provided that <i>you</i> do so within 60 days of the <i>injury</i> and if extenuating circumstances exist due to the severity of the <i>injury</i> . Treatment and repair must be completed within twelve months of the date of the <i>injury</i> .	
	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.
Medically Necessary Outpatient Dental Services and Hospitalization for Dental Care.	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.

This provision does not provide coverage for preventive dental procedures. *We* consider dental procedures to be services rendered by a *dentist* or *dental specialist* to treat the supporting soft tissue and bone structure.

We cover the following dental services:

1. **Accidental Dental Services.** *We* cover services to treat and restore damage done to sound, natural teeth as a result of an accidental *injury*. Coverage is for external trauma to the face and mouth only, not for cracked or broken teeth that result from biting or chewing. A sound, natural tooth is a tooth without pathology (including supporting structures) rendering it incapable of continued function for at least one year. Dental damage must be severe enough that initial contact with a *physician* or *dentist* occurred within 72 hours of the accident. *You* may request an extension of this time period provided that *you* do so within 60 days of the *injury* and if extenuating circumstances exist due to the severity of the *injury*. Treatment and repair must be completed within twelve months of the date of the *injury*.
2. **Medically Necessary Dental Services:** *We* cover dental services required for treatment of an underlying medical condition (e.g. removal of teeth to complete radiation treatment for cancer of the jaw, cysts, and lesions) and provided by a *dentist* or *dental specialist*, including general anesthesia, regardless of whether the services are provided in a *hospital* or a dental office.
3. **Medically Necessary Hospitalization for Dental Care:** *We* cover hospitalization for dental care. This is limited to charges *incurred* by a *member* who: (1) is a child under age 5; (2) is severely disabled; or (3) has a medical condition unrelated to the dental procedure that requires hospitalization or anesthesia for dental treatment. Coverage is limited to facility and anesthesia charges. Oral surgeon/*dentist* or *dental specialist* professional fees are not covered for dental services provided, except as described in item 2 above. The following are examples, though not all-inclusive, of medical conditions that may require hospitalization for dental services: severe asthma, severe airway obstruction or hemophilia. Care must be directed by a *physician* or by a *dentist* or *dental specialist*.

Exclusions:

- a. Please see the section entitled "Exclusion List."
- b. Dental services covered under *your* dental plan.
- c. Preventive dental procedures.
- d. *Health care services* or dental services for and related to dental or oral care, treatment, orthodontics, surgery, supplies, anesthesia or facility charges, and bone grafts.
- e. Orthodontia and all associated expenses.
- f. *Health care services* or dental services for or related to *oral surgery* and anesthesia for the removal of impacted teeth, removal of a tooth root without the removal of the whole tooth and root canal therapy.
- g. *Health care services* or dental services for cracked or broken teeth that result from biting, chewing, disease or decay.
- h. Dental implants, except due to *injury*.
- i. Prescriptions written by a *dentist* unless in connection with dental procedures covered by *us*.
- j. *Health care services* or dental services related to periodontal disease.
- k. Occlusal adjustment or occlusal equilibration.
- l. Treatment of bruxism.

- m. Surgical extraction of impacted wisdom teeth, except as above for accidental injury to sound, natural teeth or when required for treatment of an underlying medical condition.

E. Durable Medical Equipment (“DME”) Services, Prosthetics, and Orthotics		
DME.	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.
Orthotics.	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.
Prosthetics.	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.
Insulin pump, limited to one pump per <i>calendar year</i>	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.
Diabetic supplies Coverage includes over-the-counter diabetic supplies, including glucose monitors, syringes, blood and urine test strips, and other diabetic supplies as <i>medically necessary</i> .	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.
Speech aid devices and tracheo-esophageal voice devices required for treatment of severe speech impediment or lack of speech directly attributed to <i>sickness or injury</i> .	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.

We cover equipment and services ordered by a *physician* and provided by DME/prosthetic/orthotic vendors. For verification of eligible equipment and supplies, contact Customer Service at the phone number shown on the inside cover of this *contract*.

We will provide coverage for only one of the following: a manual wheelchair, a motorized wheelchair, a knee walker, or a motorized scooter, as determined by *us* or *our* designee.

Payment is limited to the most cost effective and *medically necessary* alternative. We limit coverage to the standard model, as determined by *us* or *our* designee. When *you* purchase a model that is more expensive than what is considered *medically necessary* by *us* or *our* designee, *you* will be responsible for the difference in purchase and maintenance cost. *Our* payment for rental shall not exceed the purchase price, unless *we* have determined that the item is appropriate for rental only. We reserve the right to determine if an item will be approved for rental or purchase.

If *you* purchase new equipment or supplies when *we* or *our* designee determines that repair costs of *your* current equipment or supplies would be more cost effective, then *you* will be responsible for the difference in cost.

Exclusions:

- a. Please see the section entitled “Exclusion List.”
- b. Any durable medical equipment or supplies not listed as eligible on *our* durable medical equipment list, or as determined by *us* or *our* designee.
- c. Disposable supplies or non-durable supplies and appliances, including those associated with equipment determined not to be eligible for coverage.
- d. Revision of durable medical equipment and prosthetics, except when made necessary by normal wear or use.
- e. Routine periodic maintenance, except for periodic maintenance for oxygen concentrators under a maintenance agreement which consists of a one-month rental billed every six months.
- f. Replacement or repair of items when: 1) damaged or destroyed by misuse, abuse or carelessness; 2) lost; or 3) stolen.
- g. Replacement of equipment unless *we* determine it is *medically necessary*.
- h. Repair or replacement of durable medical equipment less than three years after original purchase, except for insulin pumps.
- i. Repair or replacement of insulin pumps less than one year after original purchase.
- j. Replacement of over-the-counter batteries.
- k. Duplicate or similar items.

- l. Devices and computers to assist in communication and speech, except for speech aid devices and tracheoesophageal voice devices as covered under this section of the *contract*.
- m. Durable medical equipment that we determine to be for *your* comfort, personal hygiene, or convenience including, but not limited to, personal fitness equipment and self-help devices not medical in nature.
- n. Continuous passive motion (CPM) devices and mechanical stretching devices.
- o. Home devices such as: home spinal traction devices or standers; home phototherapy for dermatological conditions; light boxes designed for Seasonal Affective Disorder; cold therapy (application of low temperatures to the skin) including, but not limited to, cold packs, ice packs and cryotherapy; and home automated external defibrillator (AED).
- p. Household equipment, household fixtures and modifications to the structure of the home, escalators or elevators, ramps, swimming pools, whirlpools, hot tubs and saunas, wiring, plumbing or charges for installation of equipment, exercise cycles, air purifiers, central or unit air conditioners, water purifiers, hypoallergenic pillows, mattresses or waterbeds.
- q. Vehicle/car or van modifications including, but not limited to, hand brakes, hydraulic lifts and car carrier.
- r. Over-the-counter orthotics and appliances.
- s. Orthopedic shoes and custom molded foot orthotics, unless *you* have diabetes or peripheral vascular disease.
- t. Charges for sales tax, mailing and delivery.
- u. Durable medical equipment necessary for the operation of equipment determined not to be eligible for coverage.
- v. Durable medical equipment, orthotics and prosthetics necessary for activities beyond *activities of daily living*.
- w. Durable medical equipment, orthotics and prosthetics that we determine to have special features that are not *medically necessary*.
- x. Wigs, toupees, hairpieces, cranial prosthesis, hair implants, hair transplants, hair weaving, or hair loss prevention treatments.
- y. Upgrades to or replacement of any items that are considered *eligible charges* and covered under this section, unless the item is no longer functional and is not repairable.
- z. Blood pressure cuffs and monitors.
- aa. Enuresis alarms.
- bb. Trusses.
- cc. Ultrasonic nebulizers.
- dd. Oral appliances for snoring.

Benefit	Participating Provider Benefit, we pay:	Non-Participating Provider Benefit, we pay: Note: For <i>non-participating providers</i> , in addition to any <i>deductibles</i> and <i>coinsurance</i> , you pay all charges that exceed the <i>non-participating provider reimbursement value</i> .
---------	--	--

F. Emergency Services		
<i>Emergency services</i> provided in an emergency room.	100% of <i>eligible charges</i> after a <i>copayment</i> of \$450 per visit for <i>emergency services</i> resulting in an emergency room charge. <i>Deductible</i> does not apply to the emergency room charge. Note: Some services that may be provided during an emergency room visit may be subject to the <i>deductible</i> such as, but not limited to, <i>physician</i> services, laboratory, pathology radiology and surgical procedures.	Same as the <i>participating provider benefit</i> .

You should be prepared for the possibility of a medical *emergency* by knowing *your participating provider's* procedures for "on call" and after regular office hours before the need arises. Determine the telephone number to call, which *hospital your participating provider* uses, and other information that will help you act quickly and correctly. Keep this information in an accessible location in case a medical *emergency* arises.

If you have an *emergency* situation that requires immediate treatment, call 911 or go to the nearest emergency facility. If possible under the circumstances, you should telephone *your physician* or the participating clinic where you normally receive care. A *physician* will advise you how, when and where to obtain the appropriate treatment.

Note: Non-*emergency services* received in an emergency room are not covered. If you choose to receive non-*emergency* health services in an emergency room, you are solely responsible for the cost of these services. See *emergency* under "Definitions."

You should provide notice to us of an *emergency* admission. However, if you are incapacitated in a manner that prevents you from providing notice of the admission within 48 hours or as soon as reasonably possible, or if you are a minor and your parent (or guardian) was not aware of your admission, then the 48 hour time period begins when the incapacity is removed, or when your parent (or guardian) is made aware of the admission. You are considered incapacitated only when: 1) you are physically or mentally unable to provide the required notice; and 2) you are unable to provide the notice through another person.

If a *copayment* is shown, the *copayment* applies to the emergency room visit only. We will waive the emergency room visit *copayment* if you are admitted as a resident patient to the *hospital* directly from the emergency room. If you are placed in observation care directly from the emergency room, the emergency room visit *copayment*, if applicable, will be waived.

Exclusions:

- Please see the section entitled "Exclusion List."
- Non-*emergency services* received in an emergency room.

G. Hearing Aids, Implantable Hearing Devices, and Related Treatment

Any of the following for <i>members</i> who are certified as deaf or hearing impaired by a <i>provider</i> in accordance with accepted medical or audiological standards: a. One <i>hearing aid</i> (including fitting and testing), per ear, once every 3 years. b. <i>Implantable hearing devices</i> . c. <i>Health care services</i> related to covered <i>hearing aids</i> and <i>implantable hearing devices</i> , including procedures for the implantation of <i>implantable hearing devices</i> . d. <i>Post-cochlear implant aural therapy</i> .	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.
--	--	--------------

Exclusions:

- a. Please see the section entitled "Exclusion List."
- b. Hearing protection equipment.
- c. *Hearing aid* batteries and cords.

Benefit	<i>Participating Provider Benefit, we pay:</i>	<i>Non-Participating Provider Benefit</i>
H. Home Care Services	Limited to 60 <i>home care</i> visits per <i>calendar year</i>. Each visit, up to 4-hours in duration, equals one visit and counts toward the maximum visits for <i>home care</i> services. Any visit that lasts less than 4 hours, regardless of the length of the visit, will count as one visit toward the maximum visits for <i>home care</i> services. All visits must be <i>medically necessary</i> and all charges for <i>home care</i> services must be <i>eligible charges</i> under the terms of this <i>contract</i>.	
<i>Home care</i>	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.

We cover skilled nursing services, physical therapy, occupational therapy, speech therapy, respiratory therapy, and other therapeutic services, laboratory services, equipment, supplies and drugs, as appropriate, and other eligible home health services prescribed by a *physician* for the care and treatment of *your sickness or injury* and rendered in *your home* up to the visit limits listed above.

You must be *homebound* for care to be received in *your home*, unless we or our designee deems the care medically appropriate and/or determines that the care is more cost effective than care in a facility or clinic.

We cover *home care* services, including:

1. Home safety evaluations, evaluations for a home treatment program, and/or initial visit(s) to evaluate *you* for an independent treatment plan.
2. Part-time or intermittent home nursing care by or under supervision of a registered nurse.
3. Part-time or intermittent *home health aide services* that consist solely of care for the patient as long as they are: (1) *medically necessary*; (2) appropriately included in the *home care* plan; (3) necessary to prevent or postpone *confinement* in a *hospital* or *skilled nursing facility*; and (4) supervised by a registered nurse or medical social worker.
4. Physical or occupational therapy or speech-language pathology or respiratory care.
5. Medical supplies and *prescription drugs* prescribed by an *attending health care professional* and laboratory services by or on behalf of a *hospital* if needed under the *home care* plan. These items are covered to the extent they would be if you had been confined in a *hospital*.
6. Nutrition counseling provided or supervised by a registered or certified dietician.
7. Evaluation of the need for a *home care* plan by a registered nurse, *physician* extender or medical social worker. *Your attending health care professional* must request or approve this evaluation.

A service will not be considered a skilled nursing service merely because it is performed by, or under the direct supervision of, a licensed, registered nurse. Where a service (such as a tracheotomy suctioning or ventilator monitoring or like services) can be safely and effectively performed by a non-medical person, or self-administered, without the direct supervision of a licensed, registered nurse, the service will not be regarded as a skilled nursing service, whether or not a skilled nurse actually provides the service. The unavailability of a competent person to provide a non-skilled service does not make it a skilled service when a skilled nurse provides it. Only the skilled nursing component of so-called “blended” services (i.e., service, that include skilled and non-skilled components) is covered.

We cover palliative care benefits if *you* are not *homebound*. Palliative care includes symptom management, education, and establishing goals of care.

Exclusions:

- a. Please see the section entitled “Exclusion List.”
- b. Companion and home care services, unskilled nursing services, services provided by *your family* or a person who shares *your legal residence*.
- c. *Health care services* and other services provided as a substitute for a primary caregiver in the home.
- d. *Health care services* and other services that can be performed by a non-medical person or self-administered.
- e. *Health care services* and other services provided in *your home* for convenience.
- f. *Health care services* and other services provided in *your home* due to lack of transportation.

- g. *Custodial care*, except *home health aide services* as covered in this section.
- h. *Health care services* and any other services at any site other than *your* home.
- i. Recreational therapy.
- j. Domiciliary Care, such as meals-on-wheels, health visiting, and home help, provided by a welfare agency for people in their homes.

Benefit	<i>Participating Provider Benefit, we pay:</i>	<i>Non-Participating Provider Benefit</i>
I. Hospice Care	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.

We cover hospice services provided to *you* during the initial six-month period immediately following the diagnosis of a terminally illness. *You* must meet the eligibility requirements and elect to receive services through a home hospice program. The services will be provided in *your* home, with inpatient care available when *medically necessary* as described below. If *you* elect to receive hospice services, *you* do so in lieu of curative or restorative treatment for *your* terminal illness for the period *you* are enrolled in the home hospice program.

Coverage for hospice care will be extended beyond the initial six-month period if an *attending health care professional* provides an updated certification in writing that *you* are terminally ill.

Prior authorization by *us* or *our* designee is recommended for hospice services.

1. **Eligibility.** In order to be eligible to be enrolled in the home hospice program, *you* must:
 - a. be terminally ill with a *physician* certification that *you* have six months or less to live; and
 - b. have chosen a palliative treatment focus (i.e., emphasizing comfort and supportive services rather than restorative treatment or treatment attempting to cure the disease or condition).

You may withdraw from the home hospice program at any time.

2. **Covered Services.** Hospice services include the following services, provided in accordance with an approved hospice treatment plan:
 - a. part-time (defined as up to two hours of service per calendar day) care in *your* home by an interdisciplinary hospice team (which might include a *physician*, nurse, social worker, and spiritual counselor) and home health aide services, if prior authorized by *us* or *our* designee.
 - b. one or more periods of continuous care in *your* home or in a setting that provides day care for pain or symptom management, when *medically necessary*, as determined by *us* or *our* designee.
 - c. *medically necessary* inpatient services.
 - d. respite care for caregivers in *your* home or in an appropriate setting. Respite care should be prior authorized by *us* or *our* designee, to give *your* primary caregivers (i.e., family *members* or friends) rest and/or relief when necessary in order to maintain *you* at home.
 - e. *medically necessary* medications for pain and symptom management, if prior authorized by *us* or *our* designee.
 - f. *hospital* beds and other durable medical equipment when *medically necessary* and should be prior authorized by *us* or *our* designee.

Continuous care is defined as two to 12 hours of service per calendar day provided by a registered nurse, licensed practical nurse, or home health aide, during a period of crisis in order to maintain *you* in *your* home when *you* are terminally ill.

Exclusions:

- a. Please see the section entitled "Exclusion List."
- b. *Health care services* and other services provided by *your* family or a person who shares *your* legal residence.
- c. Respite or rest care, except as specifically described in this section.

7. **Court-Ordered Services.** We cover mental health evaluations and treatment ordered by a Wisconsin court under a valid court order when the services ordered are covered under this *contract* and:

- a. The court-ordered behavioral care evaluation is performed by a *participating provider* or other *provider* as required by law and the *provider* is a licensed psychiatrist, or doctoral level licensed psychologist.
- b. The treatment is provided by a *participating provider* or other *provider* as required by law and is based on a behavioral care evaluation that meets the criteria of a. above and includes a diagnosis and an individual treatment plan for care in the most appropriate and least restrictive environment.

We must receive a copy of any court order and evaluation. We or our designee may make a motion to modify a court ordered plan and may request a new behavioral care evaluation.

Emergency Services that Lead to an Inpatient Admission

You should provide notice to us of an *emergency* admission. However, if you are incapacitated in a manner that prevents you from providing notice of the admission within 48 hours or as soon as reasonably possible, or if you are a minor and your parent (or guardian) was not aware of your admission, then the 48 hour time period begins when the incapacity is removed, or when your parent (or guardian) is made aware of the admission. You are considered incapacitated only when: 1) you are physically or mentally unable to provide the required notice; and 2) you are unable to provide the notice through another person.

Statement of Rights Under the Newborns' and Mothers' Health Protection Act

When coverage is applicable, under state law, health insurance issuers offering health insurance coverage as specified below may not restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the health insurance issuer may pay for a shorter stay if the attending *provider* (e.g., your *physician*, nurse midwife, or *physician* assistant), after consultation with and mutual agreement by the mother, discharges the mother or newborn earlier.

Also, health insurance issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a health insurance issuer may not require that a *physician* or other health care *provider* obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

Exclusions:

- a. Please see the section entitled "Exclusion List."

Specialty Drugs		
Benefits	<i>Specialty Drugs</i> obtained at our designated specialty pharmacy, we pay: For more information, contact Customer Service. NOTE: Certain <i>specialty drugs</i> may only be available by limited distribution through the manufacturer's select specialty pharmacy and may not be available through <i>our</i> designated specialty pharmacy. Benefits for such limited distribution <i>specialty drugs</i> will be paid the same as if they were obtained from <i>our</i> designated specialty pharmacy.	<i>Specialty Drugs</i> obtained at any pharmacy other than a designated specialty pharmacy
• <i>Specialty drugs</i> up to a 30–calendar day supply per prescription or refill that: ✓ may be oral or injectable; and ✓ Must be purchased through a specialty pharmacy. A list of these <i>specialty drugs</i> may be obtained on the designated website or by calling Customer Service. The list of <i>specialty drugs</i> may be revised from time-to-time without notice.	60% of <i>eligible charges</i> after application of a separate \$750 <i>specialty drug deductible</i> per calendar year. The <i>specialty drug deductible</i> is separate from, and in addition to, the <i>deductible</i> shown in Section VII – Schedule of Payments. Non-formulary: Not covered.	Not covered.

Preventive Contraceptives. This section does not cover or provide benefits for oral, injectable, insertable *prescription drugs* and devices that are *preventive health care services* described in the “Preventive Contraceptive Methods and Counseling for Women” section of this *contract*.

Formulary. We use a drug *formulary* to determine which benefit level applies to a specific *prescription drug*. The *formulary* is subject to periodic review by *our* Pharmacy and Therapeutics Quality Subcommittee and modification by *us*, including at the start of or during the plan year. A current list of drugs on *our formulary* for individual plans may be obtained by accessing *our* website at <https://www.aspirushealthplan.com> or by calling Customer Service. We will provide reasonable advance notice to *you* if, during the plan year, a *prescription drug* which *you* have previously received during such plan year and which we have previously considered to be an *eligible charge* under this *contract* is removed from the *formulary* or if such *prescription drug* is placed in a higher cost-sharing tier during the plan year. *You* have a right to appeal the decision or to request an exception to gain access to a non-*formulary* drug when clinically appropriate and not otherwise covered under this *contract*. Refer to the section entitled “Internal Appeals Process” for details on how to appeal. Refer to the paragraphs entitled “Exceptions” below for details on how to request an exception.

Step Therapy. For certain medical conditions, there is a need to manage the use of specific drugs before alternative (second line) drugs are prescribed for the same medical condition. This is known as step therapy. *Members* in a step therapy program will need to meet the requirements of that program prior to receiving the second line drug. *You* may learn more about the program requirements on *our* website or by calling Customer Service. Step therapy can apply to *formulary* or non-*formulary* drugs and brand or generic drugs. The Step Therapy List is subject to periodic review and modification by *us*.

Quantity Limits. Some dispensed *prescription drugs* require the use of quantity limits, which ensure that the quantity of each prescription remains consistent with clinical guidelines. Quantity limits can apply to *formulary* or non-*formulary* drugs, and brand or generic drugs. A list of those *prescription drugs* with quantity limits is available upon request. The quantity limits list is subject to periodic review and modification by *us*.

Eye Drop Refills. Refills of prescribed eye drops are covered if the refill is requested by the *member* covered under this *contract* and the prescribing *provider* indicates that refills are required. Coverage for such eye drop refill will only be provided if you make a refill request when 75 percent or more of the days have elapsed from the later of the original date the prescription was dispensed or the date of the most recent refill.

Brand Name Drugs for which Generic Available. If you or your *provider* request a brand name drug when a generic drug alternative is available, you must pay the applicable *coinsurance* for the brand name drug plus the difference in cost between the brand name and the generic drug.

Biosimilar Drugs. If all of the following apply:

1. you or your *provider* request a *specialty drug* that is a biological product licensed by the FDA under section 351 of the Public Health Service Act (PHS Act), and
2. the FDA has determined another biological product to be biosimilar to the *specialty drug* that has been requested by your *provider*, and
3. we have included such biosimilar drug on our list of approved biosimilar drugs in relation to the *specialty drug* that has been requested by your *provider*;

then you must pay the applicable *deductible* or *coinsurance* for the *specialty drug* requested by your *provider* plus the difference in cost between the *specialty drug* requested by your *provider* and the biosimilar product that is on our list of approved biosimilar drugs.

Exceptions: You or your *provider* may request an exception to the drug *formulary*. We must make a determination on a standard exception request and notify you and the prescribing *physician* of our coverage determination no later than 72 hours following receipt of the request. Upon request, we will perform an expedited review of the exception request if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or when you are undergoing a current course of treatment using a non-*formulary* drug. If we determine you qualify for an expedited review of the exception request based on these criteria, we must make a determination on the expedited exception request and notify you and the prescribing *physician* of our coverage determination no later than 24 hours following receipt of the request. We will determine if an exception applies and, if so, the non-*formulary* drugs that are approved as an exception will be covered at the same level as the *formulary* drugs.

If your request for a *formulary* exception is denied, you have a right to request that your *formulary* exception request be reviewed by an independent review organization that is not associated with us. This right to request external review of a *formulary* exception request is separate from your right to request external review as described in the External Review Process section and only applies to denials of a *formulary* exception request and only after your *formulary* exception request has been reviewed in accordance with the preceding paragraph and denied. When you request an external review of a *formulary* exception request, you will be required to authorize release of any medical records that the independent review organization might need to review for the purpose of reaching a decision. If your *formulary* exception request is complete and eligible for external review, we will notify you which independent review organization will conduct the external review. You will then receive more detailed information, including contact information for the independent review organization. If the original *formulary* exception request was a standard exception request, you will be notified of the results of the external review within 72 hours following receipt of the request. If the original *formulary* exception request was an expedited exception request, you will be notified of the results of the external review within 24 hours following receipt of the request.

An exception is valid for the duration of the prescription while covered under this *contract*, including refills, except that if you obtained an exception based on an expedited review the exception will be valid for the duration of the circumstances that are the basis for the expedited review. Your *physician* may request the exception for subsequent prescriptions, following the procedure described above. The exception does not apply if we removed the drug from the *formulary* for safety reasons. Contact Customer Service for a copy of the written guidelines and procedures, or for assistance in requesting an exception.

Compounded Drugs. Compounded drugs will be covered provided that at least one active ingredient is a *prescription drug*. Payment for a *compounded drug* that has a commercially prepared product available that is identical to or similar to the *compounded drug* will be considered for coverage after documented failure of the commercially prepared product(s), unless a *formulary* exception is obtained. A commercially prepared product is one that is available at the pharmacy in its final, usable form and does not need to be compounded at the pharmacy. The applicable *formulary* benefit level will be applied. Compounded drugs containing any product that is excluded by us will not be covered, including dosages and route of administration that have not been approved by the FDA.

Prescription Drugs covered as Preventive Health Care Services. We cover certain *prescription drugs* which are required to be covered without cost-sharing as *preventive health care services* under the *Affordable Care Act*. Our *formulary* identifies these *prescription drugs* as being included in the “\$0 Cost Share” tier and may be obtained by accessing our website at www.aspirushealthplan.com or by calling Customer Service. More information regarding benefits for *prescription drugs*

that are *preventive health care services* can be found under the “Preventive Contraceptive Methods and Counseling for Women” and “*Preventive Health Care Services*” sections of this *contract*.

Off-label use of drugs. Off-label use of drugs, provided they are not *investigative*, are covered when:

1. A drug is recognized as appropriate for cancer treatment in a *standard reference compendia* such as the National Comprehensive Cancer Network Drugs and Biologics Compendium or one article in the *medical literature*; or
2. A drug is deemed appropriate for its proposed use by any authoritative compendia identified by the Medicare program, and/or in an article from a major peer reviewed medical journal, provided that such article uses generally acceptable scientific standards other than case-reports.

Prior Authorization. Certain *prescription drugs* may require prior authorization before you can have your prescription filled at the pharmacy. These *prescription drugs* may include, but are not limited to:

1. *Compounded drugs* that are over \$200.
2. *Specialty drugs*.

For more information, please call the phone number listed on the inside front cover of this *contract*.

Q. Preventive Contraceptive Methods and Counseling for Women

We cover preventive contraceptive methods and counseling services received during the *calendar year* by female *members* as described in the Preventive Health Care Services Schedule (“Schedule”) and according to the frequency and time frames stated in the Schedule.

The Schedule, which includes the preventive contraceptive methods and counseling services for women provided by the *Affordable Care Act*, is available on *our* website at www.aspirushealthplan.com or by calling Customer Service.

This coverage includes the full range of Food and Drug Administration approved contraceptive methods for women with reproductive capacity, including women’s contraceptive drugs, devices, and delivery methods obtained from a retail pharmacy, a mail order pharmacy, or received at a *provider’s* office.

Women’s prescription contraceptives received at a retail pharmacy or mail order pharmacy:

- Generic oral, injectable, implantable, and insertable contraceptives that require a prescription under applicable law; and - Brand name oral, injectable, implantable, and insertable contraceptives that require a prescription under applicable law, and for which <u>no</u> generic alternative exists.	100% of <i>eligible charges</i>. <i>Deductible</i> does not apply.	Not covered.
Brand name oral, injectable, implantable, and insertable contraceptives that require a prescription under applicable law, and for which a generic alternative exists.	100% of the amount that would have been payable for the generic alternative. <i>Deductible</i> does not apply. If <i>you</i> or <i>your provider</i> request a brand name contraceptive when a generic alternative exists, <i>you</i> must pay the difference in cost between the brand name and the generic drug	Not covered.

Women’s prescription contraceptives, sterilization procedures, and member education received at a provider’s office:

- Generic injectable, implantable, and insertable contraceptives that require a prescription under applicable law; and - Brand name injectable, implantable, and insertable contraceptives that require a prescription under applicable law, and for which <u>no</u> generic alternative exists.	100% of <i>eligible charges</i>. <i>Deductible</i> does not apply.	Not covered.
---	---	--------------

Brand name injectable, implantable, and insertable contraceptives that require a prescription under applicable law, and for which a generic alternative exists.	80% of <i>eligible charges</i> after the <i>deductible</i> .	Not covered.
Sterilization procedures, excluding the reversal of sterilization procedures.	100% of <i>eligible charges</i> . <i>Deductible</i> does not apply.	Not covered.
<i>Member</i> education and counseling about contraceptive methods.	100% of <i>eligible charges</i> . <i>Deductible</i> does not apply.	Not covered.

Your provider may request an exception for coverage with no cost sharing for a brand name drug for which a generic drug is available. Your provider or you may contact Customer Service for a copy of the written guidelines and procedures or for assistance in requesting an exception.

If the exception is approved, we will pay 100% of the *eligible charges* for the brand name preventive contraceptive drug when you obtain it from a *participating provider*, and the *deductible* will not apply.

An exception is valid for the duration of the prescription while you are covered under this *contract*, including refills. Your provider may request an exception for subsequent prescriptions following the procedure described in the *Prescription Drug Services* section. The exception does not apply if we remove the drug from the *formulary* for safety reasons. A previously granted exception ends when we remove the drug from the *formulary* for safety reasons.

8. In accordance with the terms of the applicable grace period, if *premium* has not been paid.
9. The date *you* (or someone acting on *your* behalf) performed an act or practice that constitutes fraud or made an intentional misrepresentation (including an omission) of material fact under the terms of this *contract*, according to the notice we provide when we rescind or terminate this *contract*.
10. The end of the month following the date *you* enter active military duty of more than 31 calendar days. Upon completion of active military duty, *your* coverage will be reinstated, provided *you* notify *us* within 90 calendar days after the end of *your* active duty.
11. The end of the month or such later date, as determined by *us*, after the *subscriber* moves outside our *geographical service area*.

XII. Portability of Coverage

If a *dependent* loses coverage under this *contract* due to death of the *subscriber*, loss of eligibility under the *contract* as a *dependent* including the *subscriber's* enrollment in Medicare or divorce in the case of a spouse or a *dependent*, we will allow the covered *dependents* of the *subscriber* to remain covered under this *contract* as long as a covered spouse becomes the *subscriber* to the *contract* or, if there is no covered spouse, each dependent child may transfer as a *subscriber* to another substantially similar *contract* offered by *us*. *Dependents* under age 18 may become *subscribers* only if they receive parental or guardian consent. We will permit the transfer (if election is made within 31 calendar days of the date of loss of coverage) without any limitation or other restriction of any type other than those which applied to the *subscriber* under the prior *contract*.

If *you* transfer to a substantially similar *contract* offered by *us*, any amounts that *you* already paid under this *contract* for covered services that are subject to *coinsurance*, *deductibles* and *out of pocket limits*, or any covered services that *you* received that are subject to benefit limits or visit maximums under this *contract*, will continue to count toward any applicable *deductibles*, *out of pocket limits*, benefit limits and/or visit maximums.

XIII. Subrogation and Reimbursement

Our Subrogation Rights

For the purposes of this section, “subrogation” means *our* right to allocate risk so that *your* medical claims are ultimately paid by the party that should rightfully bear the burden of the loss.

1. *We* are subrogated to any and all claims and causes of action that might arise against any person, corporation, and/or other entity and any insurance coverage, no-fault, uninsured motorist, underinsured motorist, medical payment provision, liability insurance policies, homeowners liability insurance coverage, medical malpractice insurance coverage, patient compensation fund, and any applicable umbrella insurance coverage or other insurance or funds; and
2. *Our* subrogation interest is the reasonable cash value of any benefits received by *you*. *Our* subrogation interest applies only after *you* have received a full recovery for *your* sickness or injury from another source of compensation for *your* sickness or injury; and
3. *Our* right to recover *our* subrogation interest is subject to a pro rata subtraction for actual monies paid for costs and reasonable attorney fees *you* pay in obtaining *your* recovery unless *we* are separately represented by an attorney; and
4. If *we* are separately represented by an attorney, the attorney representing *us* and the attorney representing the covered person may enter into an agreement regarding allocation of costs and reasonable attorney fees. If *we* and the covered person cannot reach agreement on allocation, *we* and the covered person shall submit the matter to binding arbitration; and
5. Nothing in this section shall limit *our* right to recovery from another source which might otherwise exist at law.

Notice Requirement

You must provide timely written notice to *us* of the pending claim, if *you* make a claim against a third party for damages that include repayment for medical and medically related expenses *incurred* for *your* benefit. Notwithstanding any other law to the contrary, the statute of limitations applicable to *our* rights for reimbursement or subrogation does not commence to run until the notice has been given.

XIV. Coordination of Benefits

As a *member*, you agree to permit *us* to coordinate *our* obligations under this *contract* with payments under any other health benefit plans as specified below, which cover *you* as a *subscriber* or *dependent*. You also agree to provide any information or submit any claims to other health benefit plans necessary for this purpose. You agree to authorize *our* billing to other health plans, for purposes of coordination of benefits.

Unless applicable law prevents disclosure of the information without the consent of *you* or *your* representative, you must provide any facts needed to pay the claim. If the information cannot be disclosed without consent, we will not pay benefits until the information is given.

Application. This Coordination of Benefits provision applies when *you* have health care coverage under more than one plan. "Plan" is defined below.

The order of benefit determination rules below determine which plan will pay as the primary plan. The primary plan that pays first pays without regard to the possibility that another plan might cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all plans do not exceed 100% of the total allowable expense.

Definitions. These definitions only apply to the Coordination of Benefits provision.

Allowable Expenses. Means health care services or expenses, including *copayments*, *deductibles* and *coinsurance* that are covered at least in part by any of the plans covering *you*. When a plan provides benefits in the form of services (for example a staff model HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the plans is not an allowable expense.

Claim Determination Period. Means a *calendar year*. However, it does not include any part of a year during which *you* have no coverage under this *contract*, or before the date this Coordination of Benefit provision or a similar provision takes effect.

Closed Panel Plan. Means a plan that provides health benefits to persons primarily in the form of services through a panel of *providers* that have contracted with or are employed by the plan and that limits or excludes benefits or services provided by other *providers*, except in cases of emergency or referral by a panel member.

Custodial Parent. Means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than half of the *calendar year* without regard to any temporary visitation.

Plan. Means any of the following that provides benefits or services for medical or dental care or treatment.

1. Group, blanket, franchise, closed panel or other forms of group or group type coverage (insured or uninsured).
2. Hospital indemnity benefits in excess of \$200 per day.
3. Medical care components of group long-term care policies, such as skilled nursing care.
4. A labor-management trustee plan or a union welfare plan.
5. An employer or multi-employer plan or employee benefit plan.
6. Medicare or other governmental benefits, as permitted by law.
7. Insurance required or provided by statute.
8. Medical benefits under group or individual automobile policies.
9. Individual or family insurance for hospital or medical treatment or expenses.
10. Closed panel or other individual coverage for hospital or medical treatment or expenses.

Plan does not include any:

1. Amounts of hospital indemnity insurance of \$200 or less per day.
2. Benefits for non-medical components of group long-term care policies.
3. School accident type coverages.
4. Medicare supplement policies.
5. Medicaid policies and coverage under other governmental plans, unless permitted by law.

Each contract for coverage listed above is a separate plan. If a plan has two parts and Coordination of Benefits rules apply to one of the two, each of the parts is treated as a separate plan. The benefits provided by a plan include those that would have been provided if a claim had been duly made.

Primary Plan/Secondary Plan. Means the order of benefit determination rules determine whether this plan is a "primary plan" or "secondary plan," when compared to the other plan covering *you*.

When this *contract* is the primary plan, its benefits are determined before those of any other plan and without considering any other plan's benefits. When this *contract* is secondary, its benefits are determined after those of another plan and may be reduced because of the primary plan's benefits.

Order of Benefit Determination Rules. The primary plan pays or provides its benefits as if the secondary plan or plans did not exist. A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.

This plan determines its order of benefits by using the first of the following that applies:

1. **Nondependent/Dependent:** The plan that covers the person other than as a dependent, for example as an employee, *subscriber*, or retiree, is the primary plan; and the plan that covers the person as a dependent is the secondary plan.

Exception: If the person is a Medicare beneficiary and federal law makes Medicare:

- a. secondary to the plan covering the person as a *dependent*; and
- b. primary to the plan covering the person as a nondependent (e.g., a retired employee);

then the order is reversed, so the plan covering that person as a nondependent is secondary and the other plan is primary.

2. **Child Covered Under More Than One Plan:** The order of benefits when a child is covered by more than one plan is:

- a. The primary plan is the plan of the parent whose birthday is earlier in the year if:
 - The parents are married;
 - The parents are not separated (whether or not they ever have been married); or
 - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.

If both parents have the same birthday, the plan that covered either of the parents for a longer time is primary.

- b. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms; then that plan is primary. This rule applies to claim determination periods or plan years commencing after the plan is given notice of the court decree.
- c. If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - The plan of the custodial parent;
 - The plan of the spouse of the custodial parent;
 - The plan of the non-custodial parent; and then
 - The plan of the spouse of the non-custodial parent.
- d. For a child covered under more than one plan by persons who are not the parents of such child, the order of benefits shall be determined under paragraph 2.a. of this section as if those persons were parents of such child.
- e. For a dependent child who has coverage under either or both parents' plans and also has coverage as a dependent under a spouse's plan, the rule in paragraph 5 of this section applies. In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in paragraph 2.a of this section to the dependent child's parent(s) and the dependent child's spouse.

3. **Active/Inactive Employee:** The plan that covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) is primary to a plan that covers the person as a laid off or retired employee (or as that employee's dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits; then this rule is ignored. This rule does not apply if the rule under paragraph 1 can determine the order of benefits. For example, coverage provided to a person as a retired worker and as a dependent of an actively working spouse will be determined under the rule in paragraph 1.

4. **Continuation Coverage:** If a person whose coverage is provided under a right of continuation provided by the federal or state law is also covered under another plan, then:
- The plan covering the person as an employee, *member*, *subscriber*, or retiree (or as a *dependent* of an employee, *member*, *subscriber*, or retiree) is the primary plan; and
 - The continuation coverage is the secondary plan.

If the other plan does not have this rule; and if, as a result, the plans do not agree on the order of benefits; then this rule is ignored. This rule does not apply if the rule under paragraph 1 can determine the order of benefits.

5. **Longer/Shorter Length of Coverage.** The plan that covered *you* as an employee, *member*, *subscriber* or retiree longer is primary.

Note: Under this *contract*, we will not pay more than we would pay as the primary plan.

The Effect of the Benefits of this Plan: When this plan is secondary, it may reduce its benefits at the time of processing, so that the total benefits paid or provided by all plans for each claim are not more than 100% of total allowable expenses for such claim. The reduction in this plan's benefits is equal to the difference between:

- The benefit payments that this plan would have paid had it been the primary plan; and
- The benefit payments that this plan actually paid or provided.

When the benefits of this plan are reduced as described above, each *benefit* is reduced in proportion to any applicable limit, such as the *deductible* of this plan.

Right to Receive and Release Information. Certain facts about health care coverage and services are needed to apply Coordination of Benefit rules and to determine benefits payable under this plan and other plans. We may get the facts from or give them to any other organization or persons for the purpose of applying these rules and determining benefits payable under this plan and other plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must give us any facts we need to apply those rules and determine benefits payable. Release of information will comply with state and federal laws.

Facility of Payment. A payment made under another plan may have included an amount that should have been paid under this plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this plan. We will not pay that amount again. The term "payment made" includes providing benefits in the form of services. In this case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery. If the amount of the payments made by us is more than it should have paid, we may recover the excess from one or more of the following:

- The persons we have paid or for whom we have paid; or
- Any other person or organization that may be responsible for the benefits or services provided to *you*.

The "amount of payments made" includes the reasonable cash value of any benefits provided in the form of services.

Coordinating with Medicare: This section describes the method of payment if Medicare pays as the primary plan.

If a *provider* has accepted assignment of Medicare, we determine allowable expenses based upon the amount allowed by Medicare. Our allowable expenses are the lesser of (1) the *fee schedule* amount; (2) the *non-participating provider reimbursement value*, as applicable; or (3) the Medicare allowable amount. We pay the difference between what Medicare pays and our allowable expenses.

Renal Failure. If *you* begin to have services related to renal failure, we request that *you* sign up for Medicare.

XV. How to Submit a Claim if You Receive a Bill for Covered Services from a Provider

Claim Forms. If you submit a notice of claim to us without adequate written proof of loss, we will furnish you a claim form for filing your proof of loss. If you are not furnished a claim form within 15 calendar days after you provided notice of a claim to us, you should submit written proof which documents the date of service, the type of service, a specific medical diagnosis and treatment, service or procedure code, provider name and itemized charges for which the claim is made.

Timely Payment of Claims. Post-service claims for benefits will be paid promptly upon receipt of an itemized bill and written proof of loss. All or any portion of any benefits provided by us may be paid directly to the provider rendering the services. Payment will be made according to our coverage guidelines.

Payment of Claims. All or any portion of any benefits provided to you or on your behalf for hospital, nursing, medical or surgical services may, at our option, be paid directly to the hospital or provider providing such services.

At our option, all payments for claims may be made directly to the provider of medical services, the custodial parent or Wisconsin Department of Human Services rather than to the subscriber, for claims incurred by a child who is covered as a dependent of a subscriber who has legal responsibility for the dependent's medical care pursuant to a court order, provided we are informed of such order. This payment will discharge us from all further liability to the extent of the payment made. If the member who receives such services is deceased at the time of payment, we may at our option pay the provider of medical services or the member's estate.

Bills from Participating Providers

When you present your identification card at the time of requesting services from participating providers, paperwork and submission of post-service claims relating to services will be handled for you by your participating provider. You may be asked by your provider to sign a form allowing your provider to submit claims on your behalf. If you receive an invoice or bill from your provider for services before it has been submitted to us, simply return the bill or invoice to your provider, noting your enrollment with us. Your provider will then submit the post-service claim to us in accordance with the terms of its participation agreement. Your post-service claim will be processed for payment according to our guidelines. We must receive post-service claims within 90 days after the date services were incurred.

Proof of Loss and Claim Submission. If you are directly submitting an itemized bill and written proof of loss to us, you must submit your itemized bill and written proof of loss within 90 calendar days after the date the service was incurred. The itemized bill and written proof of loss must document the date of service, the type of service, a specific medical diagnosis and treatment, service or procedure code, provider name and itemized charges.

If you or your provider do not file the required information within 90 days after receiving a health care service, benefits will be paid for covered services if:

- a. It was not reasonably possible to provide the required information within such time; and
- b. The required information is furnished as soon as possible, but no later than one year following the initial 90-day period. The only exception to this rule is if you are legally incapacitated. If we do not receive written proof of claim required by us within that one-year and 90-day period and you are not legally incapacitated, no benefits are payable for that health care service under the contract.

Bills from Non-Participating Providers

Proof of Loss and Claim Submission. You must submit your itemized bill and written proof of loss to us within 90 calendar days after the date the service was incurred. The itemized bill and written proof of loss must document the date of service, the type of service, a specific medical diagnosis and treatment, service or procedure code, provider name and itemized charges.

If you do not file the required information within 90 days after receiving a health care service, benefits will be paid for covered services if:

- a. It was not reasonably possible to provide the required information within such time; and
- b. The required information is furnished as soon as possible, but no later than one year following the initial 90-day period. The only exception to this rule is if you are legally incapacitated. If we do not receive written proof of claim required by us within that one-year and 90-day period and you are not legally incapacitated, no benefits are payable for that health care service under the contract.

XVI. Initial Benefit Determinations of *Post-Service Claims*

Post-service claims are claims that are filed for payment of benefits by *us* after medical care has been received and are submitted in accordance with *our post-service claim* filing procedures.

If *your* attending *provider* submits a *post-service claim* on *your* behalf, the *provider* will be treated as *your* authorized representative by *us* for purposes of such claim and associated appeals unless *you* specifically direct otherwise to *us* within ten business days from the date of *our* notification to *you* that an attending *provider* was acting as *your* authorized representative. *Your* direction will apply to any remaining appeals.

Post-Service Claims. We will notify *you* of our decision on *your* claim as soon as possible, but not later than 30 days after *our* receipt of a *post-service claim*.

However, this period may be extended one time by an additional 15 days if *we* determine that an extension is necessary due to matters beyond *our* control. We will notify *you* of the extension prior to the end of the initial 30-day period, the circumstances requiring the extension, and the date by which *we* expect to make a decision.

If the claim is an *incomplete claim*, *we* may extend this time by an additional 15 days, provided that *we* notify *you* that an extension is necessary and of the specific information needed prior to the end of the initial 30-day period. *You* will then have 45 days from the receipt of the notice to provide the requested information. Once *we* have received the additional information, *we* will make *our* decision within the period of time equal to the 15-day extension in addition to the number of days remaining from the initial 30-day period. For example, if *our* notification was sent to *you* on the fifth day of the first 30-day period, *we* would have a total of 40 days to make a decision on *your* claim following the receipt of the additional information. Under no circumstances will the period for making a final determination on *your* claim exceed 90 days from the date *we* received the *post-service claim*.

Urgent Claims. We will notify *you* of our decision on *your* claim within 72 hours of receipt of an *urgent claim* or as soon as possible if *your* medical condition requires a shorter time frame. *You* or a *provider* with knowledge of *your* medical condition may submit the claim to *us* by telephone, electronic facsimile (i.e. fax) or mail.

We will determine whether a submitted claim is an *urgent claim*. This determination will be made on the basis of information provided by or on behalf of *you*. In making this determination, *we* will exercise *our* judgment with deference to the judgment of a *provider* with knowledge of *your* medical condition. As a result, *we* may require *you* to clarify the medical urgency and circumstances that support the *urgent claim* for expedited decision-making.

If the claim is an *incorrectly filed claim*, *we* will notify *you* of the failure to follow the proper procedures as soon as possible, but not later than 24 hours following receipt of the *incorrectly filed claim*. Such notification will explain the reason why the request failed and the proper procedures for filing an *urgent pre-service claim*.

If the claim is an *incomplete claim*, *we* will notify *you* of the specific information needed as soon as possible, but no later than 24 hours after *we* receive the *incomplete claim*. *You* will then have 48 hours from the receipt of the notice to provide *us* with the requested information. We will notify *you* of our decision as soon as possible, but not later than 48 hours after the earlier of: (a) *our* receipt of the additional information; or (b) the end of the period of time provided to submit the additional information.

Claim Decisions

If benefits are payable on charges for services covered under this *contract*, *we* will pay such benefits directly to the *provider* providing such services, unless *you* advise *us* in writing prior to payment that *you* have already paid the charges and submitted paid receipts. We will send *you* written notice of the benefits *we* paid on *your* behalf. If *you* have already paid the charges and are seeking reimbursement from *us*, payment of such benefits will be made directly to *you*.

If the claim is denied in whole or in part, *you* will receive a written notice from *us* within the time frames described in this *contract*. However, notices of *adverse benefit determinations* involving an *urgent claim* may be provided to *you* verbally within the time frames described above for expedited claim decisions. If verbal notice is given under such circumstances, then written notification will be provided to *you* no later than 3 days after the verbal notification.

A denial notice will state the specific reason or reasons for the *adverse benefit determination*, the specific *contract* provisions on which the determination is based, and a description of the internal and external review procedures and associated timelines. The notice will include a description of any additional material or information necessary for *you* to perfect the claim and an explanation of why such material or information is necessary.

The denial notice will also disclose any internal rule, guideline, protocol or other similar criterion that was relied upon in making the *adverse benefit determination*. A copy of such internal rule, guideline, protocol, or other similar criterion will be provided to *you*, free of charge, upon request.

If the *adverse benefit determination* is based on the definition of *medically necessary* or *investigative*, the denial notice will include an explanation of the scientific or clinical judgment for the determination applying the terms of this *contract* to *your* medical circumstances. Alternatively, the denial notice will include a statement that such explanation will be provided, free of charge, upon *your* request.

You also have the right to request, free of charge, the diagnosis code with its corresponding meaning and the treatment code with its corresponding meaning along with copies of all documents, records, and other information relevant to *your* claim for benefits.

XVII. Initial Benefit Determinations of *Pre-Service Claims* and Concurrent Review

Pre-Service Claims. If *your pre-service claim* involves *investigative* treatment, we will notify *you* of our decision on *your* claim as soon as possible, but not later than 5 business days after we receive it.

For all other *pre-service claims*, we will notify *you* of our decision on *your* claim as soon as possible, but not later than 15 days after our receipt of a *pre-service claim*. However, this period may be extended one time by an additional 15 days if we determine that an extension is necessary due to matters beyond *our* control. We will notify *you* of the extension prior to the end of the initial 15-day period, the circumstances requiring the extension, and the date by which we *expect* to make a decision.

If the claim is an *incorrectly filed claim*, we will notify *you* of the failure to follow the proper procedures as soon as possible, but not later than 5 days following receipt of the *incorrectly filed claim*. Such notification will explain the reason why the request failed and the proper procedures for filing a *pre-service claim*.

If the claim is an *incomplete claim*, we may extend this time by an additional 15 days, provided that we notify *you* that an extension is necessary and of the specific information needed prior to the end of the initial 15-day period. *You* will then have 45 days from the receipt of the notice to provide *us* with the requested information. Once we have received the additional information, we will make *our* decision within the period of time equal to the 15-day extension in addition to the number of days remaining from the initial 15-day period. For example, if *our* notification was sent to *you* on the fifth day of the first 15-day period, we would have a total of 25 days to make a decision on *your* claim following the receipt of the additional information. Under no circumstances will the period for making a final determination on *your* claim exceed 75 days from the date we received the non-urgent *pre-service claim*.

Concurrent Care Decisions. We will notify *you* of a *concurrent care decision* that involves a reduction in or termination of benefits prior to the end of any prior authorization for a course of treatment. The notice will provide time for *you* to file a *grievance* and receive a decision on that *grievance* prior to the benefit being reduced or terminated. This will not apply if the benefit is reduced or terminated due to a benefit change or termination of the *contract*.

A request to extend a prior authorization of treatment that involves an *urgent claim* must be responded to as soon as possible, taking into account medical urgency. We will notify *you* of the benefit determination, whether adverse or not, within 24 hours after receipt of *your* request provided that the request is submitted to us at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

XVIII. Internal *Grievance* and Appeals Procedures

General *Grievance* Information

Situations might occasionally arise when *you* question or are unhappy with *our* claim decision or some aspect of service that *you* received from *us*. We can resolve most of *your* concerns without *you* having to file a *grievance*. Therefore, before filing a *grievance*, we urge *you* to speak with our Customer Service Department to try to resolve any problem, question, or concern that *you* have by calling the telephone number on *your* identification card and the inside cover of this *contract*. A customer service representative will record *your* information and *your* proposed resolution and consider all information that we have about *your* concern. If necessary, he/she will then discuss the matter with a supervisor in *our* Customer Service Department.

We will respond to *your* proposed resolution in writing by sending *you* a letter or an Explanation of Benefits that explains the actions we have taken to resolve the matter. If the matter cannot be informally resolved, *you* have the right to file a *grievance* in writing with our *Grievance/Appeal Committee* in accordance with the procedure described below.

You also have the right to appeal an *adverse benefit determination* by filing a *grievance*. The *grievance* procedures described below are the only means through which an *adverse benefit determination* may be appealed.

Grievance Procedures

To file a *grievance*, you should write down the concerns, issues, and comments you have about our services and mail, fax, or deliver the written *grievance* along with copies of any supporting documents to our *Grievance/Appeal Department* at the address shown below:

Aspirus Health Plan, Inc.
Attention: Grievance Coordinator
P.O. Box 1062
Minneapolis, MN 55440
Fax: 763.847.4400

Your *grievance* must be in writing as we cannot accept telephone requests for a *grievance*. Please deliver, fax, or mail your *grievance* to us at the address shown above.

For example, if we denied benefits for your claim because we determined that a *health care service* provided to you was not *medically necessary* and/or *investigative*, please send us all additional medical information (including copies of your provider's medical records) that shows why the *health care service* was *medically necessary* and/or not *investigative* under this *contract*.

Any *grievance* filed by your provider regarding a *prescription drug* or a durable medical equipment or other medical device should present medical evidence demonstrating the medical reason(s) why we should make an exception to cover and pay benefits for that *prescription drug*, durable medical equipment or medical device that is not covered under this *contract*.

We will acknowledge our receipt of your *grievance* by delivering, faxing, or mailing you an acknowledgment letter within five business days of our receipt of the *grievance*. If you do not receive this acknowledgement, please contact our Customer Service Department using the telephone number on your identification card and the inside of this *contract*.

As soon as reasonably possible after we receive your *grievance*, our *Grievance/Appeal Department* will review the information you provided and consider your proposed resolution in the context of any information we have available about the applicable terms, conditions, and provisions of this *contract*. If we agree with your proposed resolution, we will notify you by sending a letter explaining our subsequent claims processing action or administrative action that resolves the matter to your satisfaction. If our *Grievance/Appeal Department* upholds the original claims processing or administrative decision that you challenged, the *grievance* will be automatically forwarded to our *Grievance/Appeal Committee* (the "Committee") for its review and decision in accordance with the *grievance* procedure explained further below.

You have the right to submit written questions/comments, documents, records, evidence, testimony, and other information relating to the claim for benefits that is the subject of your *grievance* to the Committee. The Committee will review your *grievance* and all relevant documents pertaining to the *grievance* without regard to whether such information was submitted or considered in the initial *adverse benefit determination*.

You also have a right to appear in person or to participate by teleconference before the Committee to present information to the Committee and to submit written questions to the Committee. The Committee will respond to any submitted written question in its notice to you of its final benefit determination. We will notify you in writing of the time and place of the meeting at least seven calendar days before the meeting. Please remember that this meeting is not a trial where rules of evidence are followed. Also, cross-examination of the Committee's members, its advisors, or our employees is not allowed. No transcript of the meeting is prepared, and sworn testimony is not taken by the Committee. However, your presentation to the Committee will be recorded. If you attend the meeting to present reason(s) for the *grievance*, we expect and require each person who attends the meeting to follow and abide by our established internal practices, rules and requirements for handling *grievances* effectively and efficiently in accordance with applicable laws and regulations.

For decisions regarding medical judgment, the Committee will consult with a health care professional who has the appropriate training and experience in the field of medicine involved in the medical judgment. Such health care professional will not be the same individual who was consulted regarding the initial *adverse benefit determination* or a subordinate of such individual. You have the right to request, free of charge, the identity of the health care professional whose advice we obtained in connection with the *adverse benefit determination*, regardless of whether such advice was relied upon in making a decision.

In addition, you have the right to request, free of charge, access to and copies of all documents, records, and other information relevant to your *grievance*. Furthermore, as part of providing an opportunity for a full and fair review, we will provide you with any new or additional evidence considered, relied upon, or generated by us in connection with the claim. Such evidence will be provided as soon as possible and sufficiently in advance of the date on which the notice of a final *adverse benefit determination* is required to be provided to you for purposes of providing you a reasonable opportunity to respond prior to that date.

Before a final *adverse benefit determination* is made based on a new or additional rationale, we will provide you, free of charge, with the rationale. Such rationale will be provided as soon as possible and sufficiently in advance of the date on which the notice of final *adverse benefit determination* is required to be provided to you for purposes of providing you with a reasonable opportunity to respond prior to that date.

In the event the new or additional evidence is received so late that it would be impossible to provide it to you in time for you to have a reasonable opportunity to respond, then the deadline for providing a notice of final *adverse benefit determination* is tolled until such time is reasonable for providing you an opportunity to respond. After you respond or have had a reasonable opportunity to respond but fail to do so, we will notify you of our final decision as soon as we reasonably can, taking into account any medical exigencies.

For a *grievance* that is not also an *adverse benefit determination*, we will mail you a letter explaining our decision within 30 days. However, this period may be extended one time by an additional 30 days if we determine that an extension is necessary. We will notify you of the extension prior to the end of the initial 30-day period, the circumstances requiring the extension, and the date by which we expect to make a decision.

For a *grievance* that is also an *adverse benefit determination*, we will notify you of our final decision as soon as possible, but not later than as follows:

Pre-Service Claims. We will notify you of our final decision as soon as possible, but not later than 30 days after our receipt of your *grievance* for a *pre-service claim*.

Post-Service Claims. We will notify you of our final decision as soon as possible, but not later than 60 days after our receipt of your *grievance* for a *post-service claim*.

Concurrent Care. We will notify you of our final decision to reduce or terminate an initially approved course of treatment before the proposed reduction or termination takes place. We shall decide the appeal of a denied request to extend any *concurrent care decision* in the appeal time frame for a *pre-service claim*, *urgent claim*, or a *post-service claim*, as appropriate to the request.

Expedited Grievances. We will notify you of our final decision as soon as possible, but not later than 72 hours after receipt of the *expedited grievance*. An *expedited grievance* includes an appeal of an *urgent claim*.

Expedited Grievance Procedure

To file an *expedited grievance*, you or your provider must submit the concerns, issues, and comments underlying your *grievance* to us verbally via telephone or in writing via mail, email, or fax using the contact information below. If you contact us initially by phone, you will need to submit copies of any supporting documents via mail, email, or fax:

Aspirus Health Plan, Inc.
Attention: Grievance Coordinator
P.O. Box 1062
Minneapolis, MN 55440
1-866.631.4611 (toll-free)
Fax: 763.847.4400

For example, if we denied benefits because we determined that a *health care service* provided to you was not *medically necessary*, please send us all additional medical information, including sending us copies of your provider's medical records, that you believe shows that the *health care service* is *medically necessary*.

Any *expedited grievance* filed by your provider regarding a *prescription drug* or durable medical equipment or a medical device should present medical evidence demonstrating the medical reason(s) why we should make an exception to cover and pay benefits for that *prescription drug*, durable medical equipment or medical device that is not covered under this *contract*.

As soon as reasonably possible following our receipt of the *expedited grievance*, our *Grievance/Appeal Department* will review the *expedited grievance*. If we agree with the proposed resolution of this matter, we will contact you by phone or fax to explain our decision and then follow up with either a letter or an *Explanation of Benefits* form explaining how we resolved your *expedited grievance*. If our *Grievance/Appeal Department* upholds our original claims processing decision or administrative decision that you disputed, the *expedited grievance* will be automatically forwarded to our *Grievance/Appeal Committee* (the "Committee") for its review and decision in accordance with the procedure explained below. Under no circumstances will the time frame exceed the time period discussed below.

You have the right to submit written questions/comments, documents, records, evidence, testimony, and other information relating to the claim for benefits that is the subject of your *expedited grievance*. The Committee will review your *expedited*

grievance and all relevant documents pertaining to it without regard to whether such information was submitted or considered in the initial *adverse benefit determination*.

You also have a right to appear in person or to participate by teleconference before the Committee to present information to the Committee and to submit written questions to the Committee. The Committee will respond to any submitted written question in its notice to *you* of its final benefit determination. We will notify *you* of the time and place of the meeting as soon as reasonably possible. Please remember that this meeting is not a trial where rules of evidence are followed.

Also, cross-examination of the Committee's members, its advisors, or *our* employees is not allowed. No transcript of the meeting is prepared, and sworn testimony is not taken by the Committee. However, *your* presentation to the Committee will be recorded. If *you* attend the meeting to present reason(s) for the *expedited grievance*, we expect and require each person who attends the meeting to follow and abide by *our* established internal practices, rules and requirements for handling *expedited grievances* effectively and efficiently in accordance with applicable laws and regulations.

For decisions regarding medical judgment, the Committee will consult with a health care professional who has the appropriate training and experience in the field of medicine involved in the medical judgment. Such health care professional will not be the same individual who was consulted regarding the initial *adverse benefit determination* or a subordinate of such individual. You have the right to request, free of charge, the identity of the health care professional whose advice we obtained in connection with the *adverse benefit determination*, regardless of whether such advice was relied upon in making a decision.

In addition, *you* have the right to request, free of charge, access to and copies of all documents, records, and other information relevant to *your expedited grievance*. Furthermore, as part of providing an opportunity for a full and fair review, we will provide *you* with any new or additional evidence considered, relied upon, or generated by *us* in connection with the claim. Such evidence will be provided as soon as possible and sufficiently in advance of the date on which the notice of a final *adverse benefit determination* is required to be provided to *you* for purposes of providing *you* a reasonable opportunity to respond prior to that date.

Before a final *adverse benefit determination* is made based on a new or additional rationale, we will provide *you*, free of charge, with the rationale. Such rationale will be provided as soon as possible and sufficiently in advance of the date on which the notice of final *adverse benefit determination* is required to be provided to *you* for purposes of providing *you* with a reasonable opportunity to respond prior to that date.

In the event the new or additional evidence is received so late that it would be impossible to provide it to *you* in time for *you* to have a reasonable opportunity to respond, then the deadline for providing a notice of final *adverse benefit determination* is tolled until such time is reasonable for providing *you* an opportunity to respond. After *you* respond, or have had a reasonable opportunity to respond but fail to do so, we will notify *you* of *our* final decision as soon as we reasonably can, taking into account all medical exigencies.

As expeditiously as *your* medical condition requires, but not later than 72 hours after *our* receipt of the *expedited grievance*, the *Grievance/Appeal Department* will contact *you* by phone or fax to explain the Committee's rationale and decision. Not later than 3 days following, the Committee will then mail a detailed decision letter containing all information required by law. The letter will be mailed to the person who filed the *expedited grievance* using the United States Postal Service.

A notice of a final *adverse benefit determination* will state the specific reason or reasons for the final *adverse benefit determination*, the specific *contract* provisions on which the determination is based, and a description of the external review procedures and associated timelines. The notice will include a description of any additional material or information necessary for *you* to perfect the claim and an explanation of why such material or information is necessary.

The denial notice will also disclose any internal rule, guideline, protocol or other similar criterion that was relied upon in making the final *adverse benefit determination*. A copy of such internal rule, guideline, protocol, or other similar criterion will be provided to *you*, free of charge, upon request.

If the final *adverse benefit determination* is based on the definition of *medically necessary* or *investigative*, then the denial notice will provide *you* with either an explanation of the scientific or clinical judgment for the determination applying the terms of this *contract* to *your* medical circumstances or a statement that such explanation will be provided, free of charge, upon *your* request.

You also have the right to request, free of charge, the diagnosis code with its corresponding meaning and the treatment code with its corresponding meaning along with copies of all documents, records, and other information relevant to *your* claim for benefits.

We will retain *our* records of the *expedited grievance* for at least six years after we send *you* notice of *our* final decision.

You have the right to request, free of charge, copies of all documents, records, and other information relevant to *your expedited grievance* by sending a written request to the address listed above.

If we continue to deny the payment, coverage, or service requested, or if you do not receive a timely decision, you may be entitled to request an independent external review.

Final Claim Decisions

A notice of a final *adverse benefit determination* will state the specific reason or reasons for the final *adverse benefit determination*, the specific *contract* provisions on which the determination is based, and a description of the external review procedures and associated timelines. The notice will include a description of any additional material or information necessary for you to perfect the claim and an explanation of why such material or information is necessary.

The denial notice will also disclose any internal rule, guideline, protocol or other similar criterion that was relied upon in making the final *adverse benefit determination*. A copy of such internal rule, guideline, protocol, or other similar criterion will be provided to you, free of charge, upon request.

If the final *adverse benefit determination* is based on the definition of *medically necessary* or *investigative*, then the denial notice will provide you with either an explanation of the scientific or clinical judgment for the determination applying the terms of the *contract* to your medical circumstances or a statement that such explanation will be provided, free of charge, upon your request.

You also have the right to request, free of charge, the diagnosis code with its corresponding meaning and the treatment code with its corresponding meaning along with copies of all documents, records, and other information relevant to your claim for benefits.

We will retain our records of the *grievance* or *expedited grievance* for at least six years after we send you notice of our final decision.

You have the right to request, free of charge, copies of all documents, records, and other information relevant to your *grievance* or *expedited grievance* by sending a written request to the address listed above.

If we continue to deny the payment, coverage, or service requested, or if you do not receive a timely decision, you may be entitled to request an independent external review.

XIX. External Review Process

You may be entitled to an independent external review by an Independent Review Organization (IRO) if you have received an *investigative* treatment determination, *adverse determination* or a *rescission* of coverage determination.

In general, you must complete all *grievance/appeal* options described above before requesting an independent external review. This includes waiting for our determination on your *grievance/appeal*. However, if we agree with you that the matter should proceed directly to independent review, or if you need immediate medical treatment and believe that the time period for resolving an internal *grievance* will cause a delay that could jeopardize your life or health, you may ask to bypass our internal *grievance* process. In these situations, your request will be processed on an expedited basis.

If you or your authorized representative wish to file a request for an independent external review, your request must be submitted in writing to the address listed below and received within four months of the decision date of your *grievance*.

Aspirus Health Plan, Inc.
Attention: Grievance Coordinator
P.O. Box 1062
Minneapolis, MN 55440
Fax: 763.847.4400

Your request for an independent external review must include:

1. Your name, address and telephone number;
2. An explanation of why you believe that the treatment should be covered;
3. Any additional information or documentation that supports your position;
4. If someone else is filing on your behalf, a statement signed by you authorizing that person to be your representative; and
5. Any other information we request.

Within five days of our receipt of your request, an accredited IRO will be assigned to your case through an unbiased random selection process. The assigned IRO will send you a notice of acceptance within one business day of receipt, advising you of your right to submit additional information within ten business days of your receipt of the notice from the IRO. The assigned

IRO will also deliver a notice of the final external review decision in writing to *you* and *us* within 45 calendar days of their receipt of the request. Some of the information *you* provide to the IRO may be shared with appropriate regulatory authorities.

The IRO's medical director or other medical professional will review *your* request and decide if an immediate review is needed. If so, it will review *your* dispute on an expedited basis and make a decision within 72 hours. If the IRO decides that *your* medical condition does not require its immediate review of *your* dispute, it will notify *you* that *you* must first complete our internal *grievance* and appeals process.

Unless *your* case involves the rescission of this *contract*, the IRO's decision is binding for both *you* and *us*. *You* are not responsible for costs associated with the independent external review.

How to File a Complaint with the Wisconsin Office of the Commissioner of Insurance

You may resolve *your* problem by taking the steps outlined in the sections of *your* contract entitled "Internal Grievance and Appeals Procedures" or "External Review Process".

You may also contact the Office of the Commissioner of Insurance, a state agency which enforces Wisconsin's insurance laws, and file a complaint.

You can file a complaint electronically with the Office of the Commissioner of Insurance at its website at <http://oci.wi.gov/>, or by writing to:

Office of the Commissioner of Insurance
Complaints Department
P. O. Box 7873
Madison, WI 53707-7873

Or *you* can call 1.800.236.8517 outside of Madison or 266-0103 in Madison and request a complaint form.

<i>Dependent(s)</i>	The <i>subscriber's</i> spouse or children as described in the "Eligibility, Enrollment, and <i>Effective Date</i> " section.
<i>Designated Transplant Network Provider</i>	Any licensed <i>hospital</i> , health care <i>provider</i> , group or association of health care <i>providers</i> that satisfies the quality, outcome, and accessibility needs of <i>us</i> and <i>our members</i> , and has contracted to participate as a designated transplant <i>provider</i> in the specific <i>participating provider</i> network designated by <i>us</i> to provide benefits for organ or bone marrow transplant or stem cell support and all related services and aftercare for <i>you</i> .
<i>Dressing</i>	Putting on and taking off all items of clothing and any necessary braces, fasteners, or artificial limbs.
<i>Eating</i>	Feeding oneself by getting food into the body from a receptacle, such as a plate, cup, or table, or by a feeding tube or intravenously.
<i>Educational</i>	A service or supply: (1) that is primarily intended to provide training in the <i>activities of daily living</i> , instruction in scholastic skills such as reading and writing; preparation for an occupation; or treatment for learning disabilities; or (2) that is provided to promote development beyond any level of function previously demonstrated, except in the case of a child with congenital, developmental, or medical conditions that have significantly delayed speech or motor development as long as progress is being made towards functional goals set by the attending <i>physician</i> .
<i>Effective Date</i>	The date <i>you</i> become eligible for health care benefits under this <i>contract</i> and complete all enrollment requirements.
<i>Eligible Charges</i>	A charge for <i>health care services</i> , subject to all of the terms, conditions, limitations and exclusions of the <i>contract</i> and for which <i>we</i> or <i>you</i> will pay.
<i>Eligible Individual</i>	An individual whom <i>we</i> determine has met the eligibility requirements for enrolling in this <i>contract</i> , which requirements include, but are not limited to, residency in <i>our geographical service area</i> . Such residency requirement does not apply to <i>dependents</i> .

<i>Emergency</i>	The onset of a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, such that the absence of immediate medical attention could reasonably be expected by a prudent layperson to result in: 1. Placing <i>your</i> health (or, if <i>you</i> are a pregnant individual, the health of <i>you</i> or <i>your</i> unborn child) in serious jeopardy; 2. Serious impairment to bodily functions; or 3. Serious dysfunction of any bodily organ or part.
<i>Emergency Services</i>	A medical screening examination that is within the capability of the emergency department of a <i>hospital</i> , including ancillary services routinely available to the emergency department, to evaluate such <i>emergency</i> medical condition and such further medical examination and treatment required to stabilize the patient.
<i>Essential Health Benefits</i>	The categories of <i>covered services</i> this <i>contract</i> is required to cover under the <i>Affordable Care Act</i> .
<i>Expedited Grievance</i>	A <i>grievance</i> to which any of the following conditions apply: 1. The duration of the standard resolution process will result in serious jeopardy to <i>your</i> life or health or <i>your</i> ability to regain maximum function. 2. A <i>provider</i> with knowledge of <i>your</i> medical condition believes that <i>you</i> are subject to severe pain that cannot be adequately managed without the <i>health care service</i> that is the subject of the <i>grievance</i>. 3. A <i>provider</i> with knowledge of <i>your</i> medical condition determines that the <i>grievance</i> will be treated as an <i>expedited grievance</i>.
<i>Fee-for-Service</i>	Method of payment for <i>provider</i> services based on each visit or service rendered.
<i>Fee Schedule</i>	The amount that the <i>participating provider</i> has contractually agreed to accept as reimbursement in full for <i>covered services</i> and supplies. This contracted amount may be less than the <i>provider's</i> usual charge for the service. If <i>health care services</i> are delivered to <i>you</i> via telemedicine by a distant site <i>participating provider</i> who is not a designated <i>participating provider</i> for <i>web based (online) care</i>, we will reimburse such <i>participating provider</i> on the same basis and using the same <i>fee schedule</i> as would apply if the <i>covered services</i> had been delivered in person by the distant site <i>participating provider</i>.
<i>Formulary</i>	A list, which may change from time to time, of <i>prescription drugs</i> which <i>we</i> , in <i>our</i> sole discretion have established for use with this <i>contract</i> .
<i>Full-Time Student Returning from Military Duty</i>	A child of a <i>subscriber</i> who meets all of the following criteria: 1. The child was called to federal active duty in the national guard or in a reserve component of the U.S. armed forces while the child was attending, on a full-time basis, an institution of higher education; 2. The child was under the age of 27 when called to federal active duty; 3. Within 12 months after returning from federal active duty, the child returned to an institution of higher education on a full-time basis, regardless of age; and 4. The child must: (1) attend an accredited school for the number of credits, hours, or courses required by the school to be considered a full-time student; (2) attend two or more accredited schools for credits toward a degree, which, when combined equals full-time status at one of the schools; or (3) participate in either an internship or student teaching during the last semester of school prior to graduation, if the internship or student teaching is required for his/her degree. The child continues to be a full-time student during periods of vacation or between term periods established by the school.
<i>Geographical Service Area</i>	The region in which <i>we</i> operate and <i>your contract</i> is available, as determined by <i>us</i> . Please see www.aspirushealthplan.com for more information.

<i>Grievance</i>	Any dissatisfaction with <i>us</i> or <i>our</i> administration of <i>your contract</i> that <i>you</i> express to <i>us</i> in writing. For example, <i>you</i> might file a <i>grievance</i> about <i>our</i> provision of services, <i>our</i> determination to reform or rescind a policy, <i>our</i> determination of a diagnosis or level of service required for evidence-based treatment of autism spectrum disorders, or <i>our</i> claims practices.
<i>Habilitative Therapy</i>	Therapy provided to develop initial functional levels of movement, strength, daily activity, or speech.
<i>Health Care Services</i>	Medical or behavioral services including pharmaceuticals, devices, technologies, tests, treatments, therapies, supplies, procedures, hospitalizations, or <i>provider</i> visits.
<i>Health Insurance Marketplace</i>	A resource established and operated by the state or the U.S. Department of Health and Human Services where qualified consumers can learn about and purchase <i>qualified health plans</i> .
<i>Health Plan</i>	Health insurance coverage offered in the individual market or a small group health plan offered in the small group market, that provides <i>essential health benefits</i> , all within the meaning of the <i>Affordable Care Act</i> . A health plan does not include coverage that is excepted benefits under the Health Insurance Portability and Accountability Act of 1996 (HIPAA).
<i>Hearing aid</i>	Any externally wearable instrument or device designed or offered for the purpose of aiding or compensating for impaired human hearing and any parts, attachments, or accessories of such an instrument or device, except its batteries and cords.
<i>Home Care</i>	<i>Health care services</i> provided directly to <i>you</i> in <i>your home</i> under a written plan that meets the following criteria: (1) the plan is developed by <i>your attending health care professional</i> ; (2) the plan is approved by <i>your attending health care professional</i> in writing; (3) the plan is reviewed by <i>your attending health care professional</i> every two months (or less frequently if <i>your provider</i> believes and we agree that less frequent reviews are enough); and (4) <i>home care</i> is provided or coordinated by a home health agency or certified rehabilitation agency that is licensed by the Wisconsin Department of Health Services or certified by Medicare.
<i>Home Health Aide Services</i>	Services performed by a home health aide which: (1) are not required to be performed by a registered nurse or licensed practical nurse; and (2) primarily aid the patient in performing normal <i>activities of daily living</i> , which may include <i>custodial care</i> .
<i>Homebound</i>	When <i>you</i> are unable to leave home without considerable effort due to a medical condition. Lack of transportation does not constitute homebound status.
<i>Hospital</i>	A facility that provides diagnostic, medical, therapeutic, and surgical services by or under the direction of <i>physicians</i> and with 24-hour registered nursing services. The <i>hospital</i> is not mainly a place for rest or <i>custodial care</i> and is not a nursing home or similar facility.
<i>Implantable Hearing Device</i>	Any implantable instrument or device that is designed to enhance hearing, including <i>cochlear implants</i> and <i>bone anchored hearing aids</i> .
<i>Incomplete Claim</i>	A <i>correctly filed claim</i> that requires additional information including, but not limited to, medical information, coordination of benefits questionnaire, and subrogation questionnaire.
<i>Incorrectly Filed Claim</i>	A claim that is filed but lacks information which enables <i>us</i> to determine what, if any, benefits are payable under the terms and conditions of this <i>contract</i> . Examples include, but are not limited to, claims missing procedure codes, diagnosis or dates of service.
<i>Incurred</i>	Services and supplies rendered to a <i>member</i> are considered to be “ <i>incurred</i> ” at the time or date the service or supply was actually purchased or provided.

Infertility

Inability or diminished ability to become pregnant after the following periods of time of regular unprotected intercourse or therapeutic donor insemination:

1. One year, if *you* are a female under age 35 or a male of any age, or
 2. Six months, if *you* are a female age 35 or older,
- provided that *your infertility* is not related to voluntary sterilization or failed reversal of voluntary sterilization; or

Inability or diminished ability to produce offspring, including but not limited to a woman's repeated failure to carry a pregnancy to fetal viability. Repeated failures to carry a pregnancy to fetal viability means three consecutive documented spontaneous abortions in the first or second trimester. Such inability must be documented by *your provider*.

Infertility Treatment/ Fertility Treatment

A *health care service* that is intended to (1) promote or preserve *fertility*; or (2) achieve and maintain a condition of pregnancy. For purposes of this definition, *infertility* or *fertility treatment* includes, but is not limited to:

1. *Fertility tests and prescription drugs*.
2. Tests and exams done to prepare for or follow through with induced conception.
3. Surgical reversal of a sterilized state that was a result of a previous surgery.
4. Sperm enhancement procedures.
5. Direct attempts to cause or maintain pregnancy by any means including, but not limited to: Hormone therapy or *prescription drugs*; artificial insemination; in vitro insemination; GIFT or ZIFT; embryo transfer; and freezing and/or storage of embryo, eggs, or semen.

Injury

Bodily damage other than *sickness*, including all related conditions and recurrent symptoms.

Investigative

As determined by *us*, a drug, device or medical treatment or procedure is *investigative* if reliable evidence does not permit conclusions concerning its safety, effectiveness, or effect on health outcomes. We will consider the following categories of reliable evidence, none of which shall be determinative by itself:

1. Whether there is a final approval from the appropriate government regulatory agency, if required. This includes whether a drug or device can be lawfully marketed for its proposed use by the FDA; or if the drug, device or medical treatment or procedure is under study or if further studies are needed to determine its maximum tolerated dose, toxicity, safety or efficacy as compared to standard means of treatment or diagnosis; and
2. Whether there are consensus opinions or recommendations in relevant scientific and medical literature, peer-reviewed journals, or reports of clinical trial committees and other technology assessment bodies. This includes consideration of whether an oncology treatment is included in the applicable National Comprehensive Cancer Network (NCCN) guideline, as appropriate for its proposed use, or whether a drug is included in any authoritative compendia as identified by the Medicare program such as, the National Comprehensive Cancer Network Drugs and Biologics Compendium, as appropriate for its proposed use; and
3. Whether there are consensus opinions of national and local health care *providers* in the applicable specialty as determined by a sampling of *providers*, including whether there are protocols used by the treating facility or another facility, studying the same drug, device, medical treatment or procedure.

Maintenance Care

Care that is not *habilitative* or *rehabilitative therapy* and there is lack of documented significant progress in functional status over a reasonable period of time.

<i>Medical Literature</i>	Articles from major peer reviewed medical journals that have recognized the drug or combination of drugs' safety and effectiveness for treatment of the indication for which it has been prescribed. Each article shall meet the uniform requirements for manuscripts submitted to biomedical journals established by the International Committee of Medical Journal Editors or be published in a journal specified by the United States Secretary of Health and Human Services pursuant to United States Code, title 42, section 1395x, paragraph (t), clause (2), item (B), as amended, as acceptable peer review medical literature. Each article must use generally accepted scientific standards and must not use case reports to satisfy this criterion.
<i>Medically Necessary</i>	Any <i>health care services</i>, <i>preventive health care services</i>, and other preventive services that we, in our discretion and on a case by case basis, determine are appropriate and necessary in terms of type, frequency, level, setting, and duration, for the diagnosis or condition; and the care must: 1. Be consistent with the medical standards and generally accepted practice parameters of <i>providers</i> in the same or similar general specialty as typically manages the condition procedure or treatment at issue; and 2. Help restore or maintain <i>your</i> health; or 3. Prevent deterioration of <i>your</i> condition; or 4. Prevent the reasonably likely onset of a health problem or detect an incipient problem.
<i>Member</i>	A <i>subscriber</i> or <i>dependent</i> who is enrolled under this <i>contract</i> .
<i>Minimum Essential Coverage</i>	Health care coverage as defined by the <i>Affordable Care Act</i> and codified in the Internal Revenue Code § 5000A(f), and any related regulations as they may be amended from time-to-time; which includes, but is not limited to, certain government-sponsored programs including a standard basic health plan (BHP) within the meaning of the <i>Affordable Care Act</i> , employer-sponsored plans, health plans offered in the individual market in a state; and which, if it is an employer-sponsored plan, provides minimum value, meaning that the plan's share of the total allowed costs of benefits provided under the plan is at least 60 percent of such costs.
<i>Non-Participating Provider</i>	A clinic, <i>physician</i> , <i>provider</i> , or facility that is licensed but is not a <i>participating provider</i> .
<i>Non-Participating Provider Benefits</i>	Coverage for <i>health care services</i> provided by licensed <i>providers</i> other than <i>participating providers</i>. With <i>non-participating provider benefits</i>, you are financially responsible for a <i>deductible</i>, <i>coinsurance</i>, and any amount in excess of the <i>non-participating provider reimbursement value</i>.

*Non-Participating
Provider Reimbursement
Value*

The amount that will be paid by *us* to a *non-participating provider* for a non-emergency service is the least of the following:

1. a percentage of the *non-participating provider's* charge;
2. a percentage of an amount based on prevailing reimbursement rates or marketplace charges, for similar services and supplies, in the geographic area;
3. a percentage of the amount agreed upon between *us* and the *non-participating provider*; or
4. a percentage of the Medicare or other federal government program allowed amount in the geographic area in which the service is performed.

If one or more of the above options for determining the *non-participating provider reimbursement value* is not readily available, we may, at *our* discretion, determine the *non-participating provider reimbursement value* based on the least of the remaining options.

If the amount billed by the *non-participating provider* is greater than the *non-participating provider reimbursement value*, you must pay the difference. This amount is in addition to any *deductible* or *coinsurance* amount you may be responsible for according to the terms of this *contract*.

If *health care services* are delivered to you via telemedicine by a distant site *non-participating provider*, we will reimburse such *non-participating provider* on the same basis and at the same *non-participating provider reimbursement value* as would apply if the *covered services* had been delivered in person by the distant site *non-participating provider*.

Oral Surgery

Surgical services performed within the oral cavity.

*Organ and Tissue
Acquisition*

The harvesting, preparation, transportation, and storage of human organ and tissue that is transplanted to *you*. This includes related medical expenses of a living donor.

Out-of-Pocket Limit

The maximum amount of money *you* must pay in *copayments*, *coinsurance* and *deductibles* before we pay remaining *eligible charges*. If *you* reach benefit, day, or visit maximums, *you* are responsible for amounts that exceed the *out-of-pocket limit*.

Participating Provider

A licensed clinic, *physician*, *provider* or facility that is directly contracted to participate in the specific *participating provider* network designated by *us* to provide benefits to *members* enrolled in this *contract*. The participating status of *providers* may change from time to time.

Participating providers may also be offered from other Preferred Provider Organizations that have contracted with *us*.

*Participating Provider
Benefits*

Coverage for *health care services* provided through *participating providers*.

Physical Disability

A condition caused by a physical *injury* or congenital defect to one or more parts of *your* body that is expected to be ongoing for a continuous period of at least two years from the date the initial proof is supplied to *us* and as a result *you* are incapable of self-sustaining employment and are dependent on the *subscriber* for a majority of support and maintenance. An illness by itself will not be considered a *physical disability* unless adequate separate proof is furnished to *us* that allows *us* to determine that a *physical disability* also exists as defined in the preceding sentence.

Physician

A licensed Doctor of Medicine, Doctor of Osteopathy, Doctor of Podiatry, Doctor of Optometry, or Doctor of Chiropractic.

Post Service Claim

A request for payment of benefits that is made by *you* or *your* authorized representative after services are rendered and in accordance with the procedures described in this *contract*.
